United Nations Children's Fund

Executive Board

Second regular session 2009

14-16 September 2009

Interim financial report and statements for the year ended 31 December 2008, the first year of the biennium 2008-2009

Summary

The present document, submitted for information to the Executive Board, contains the financial report on the accounts of UNICEF for the year ended 31 December 2008, the first year of the biennium 2008-2009. The document, comprising the financial report and 10 statements supported by notes and one schedule, summarizes the financial results of transactions made in 2008. In line with General Assembly resolution 50/204 of 23 December 1995, and the formats agreed upon by the United Nations System Chief Executives Board for Coordination, the document is prepared in order to achieve harmonization of the presentation of the accounts of the agencies in the United Nations system. A summary of significant accounting policies and other information is included in the notes to the financial statements.

* This report is presented to the Executive Board for information and will be discussed only if a specific request is made by a member of the Executive Board.

I. Interim financial report for the year ended 31 December 2008

Introduction

1. The United Nations Children's Fund (UNICEF) submits herewith its financial report, accompanied by 10 statements and one schedule. Statements I to IV are presented in line with the formats agreed upon by the United Nations System Chief Executives Board for Coordination as a step towards harmonizing the accounts of agencies in the United Nations system. The financial report summarizes the financial results of UNICEF activities for the year ended 31 December 2008.

Income

2. UNICEF income in 2008 totalled \$3,373 million. Income comprised \$1,067 million under regular resources, \$1,571 million under other resources (regular) and \$735 million under other resources (emergency). UNICEF income is from the following sources: 60 per cent (\$2,022 million) from Governments and intergovernmental agencies; 29 per cent (\$987 million) from fundraising campaigns, the sale of greeting cards and gifts, and individual donations; 8 per cent (\$256 million) from inter-organizational arrangements; and 3 per cent (\$108 million) from miscellaneous sources, including interest and net currency-exchange adjustments and gains on foreign exchange transactions.

Expenditure

3. UNICEF expenditure for 2008 was \$3,059 million, and consisted of \$914 million for programme cooperation from regular resources, \$1,315 million for programme cooperation from other resources (regular), \$746 million from other resources (emergency), \$74 million for management and administration, and \$10 million for security.

Supported deliveries

4. UNICEF handled supported deliveries of goods on behalf of third parties valued at \$304 million during 2008. These deliveries, handled through the administrative structures of UNICEF, are not reflected in the organization's accounts.

Trust funds

5. In 2008, trust fund receipts totalled \$742 million, and disbursements and obligations \$802 million. Trust funds do not form part of the income of UNICEF. These funds are earmarked resources entrusted to UNICEF by various entities, including Governments, other organizations in the United Nations system, and non-governmental organizations, mainly to cover the cost of procuring supplies but also to provide services on behalf of those entities. They also include funds provided by Government sponsors to cover the costs of the Junior Professional Officers programme.

Cash holdings and investments

6. As at 31 December 2008, UNICEF had total cash holdings and investments of \$2,881 million, which included unspent balances from trust funds amounting to \$266 million. Some \$1,781 million was held in interest-bearing term deposits, \$1,017 million was in investments, and \$82 million was in current bank accounts. Cash on hand amounted to \$1 million globally.

Approved programmes

7. During 2008, the Executive Board approved \$3,960 million for country programmes of cooperation as well as for regional and interregional programmes. This total included \$1,766 million for programmes funded from regular resources and \$1,457 million for programmes funded from other resources. The total also included \$737 million for programmes and projects financed by pledges for other resources (emergency).

Ann M. Veneman
Executive Director
United Nations Children's Fund

Notes to the financial statements

Note 1

Statement of the objectives and activities of the United Nations Children's Fund

1. UNICEF is mandated by the United Nations General Assembly to advocate for the protection of the rights of children, to help meet children's basic needs and to expand the opportunities of children to reach their full potential. The organization mobilizes political will and material resources to help countries, particularly developing countries, to ensure a "first call for children" and to build the capacity of countries to develop appropriate policies and deliver services for children and their families.

Note 2

Summary of significant accounting policies

Accounting convention

2. The financial statements are prepared in accordance with the Financial Regulations and Rules of UNICEF and the United Nations system accounting standards.

3. With the goal of achieving harmonization in the presentation of the accounts by agencies in the United Nations system, the financial statements are presented in line with the formats agreed upon by the United Nations System Chief Executives Board for Coordination.

Financial period

4. In accordance with the UNICEF Financial Regulations and Rules, the accounts are maintained on a biennial basis.

Unit of account

5. The accounting unit is the United States dollar. The equivalent in United States dollars of other currencies is established on the basis of the United Nations operational rate of exchange.

Translation of currencies

6. Assets and liabilities in currencies other than United States dollars are revalued for accounting purposes at the prevailing United Nations operational rates of exchange. Any variance due to fluctuation of those rates is accounted for as income or loss and shown in the statement of income and expenditure. In accordance with UNICEF Executive Board decision 1990/28, differences resulting from the payment of contributions pledged in currencies other than United States dollars are recorded against the contributions.

Income

7. Income consists of regular resources, other resources and funds for emergency relief and rehabilitation. Regular resources include funds from the voluntary annual contributions of Governments, intergovernmental agencies and non-governmental organizations, the income from the Private Fundraising and Partnerships Division, non-earmarked funds contributed by the public, and other income. Other resources are funds contributed to UNICEF by Governments, intergovernmental organizations, non-governmental organizations and the United Nations system, for specific purposes within the programmes approved by the UNICEF Executive Board. Emergency relief and rehabilitation funds include those contributed for emergency operations.

8. Income is recorded on the basis of funds or pledges received for the current year. Funds received for future years for purposes specified by donors are considered deferred income and recorded as "contributions received in advance".

9. Contributions income received from National Committees for UNICEF is accounted for on a cash basis, with the exception of contributions for other resources (regular and emergency resources), which may be recorded on the basis of a valid pledge from a National Committee. The validity of the pledge is determined by the existence of funds raised and by a statement from the National Committee indicating that it is committing funds to UNICEF in the form of a pledge.

10. The statement of income and expenditure does not include funds received and disbursements made from trust funds.

11. All other income received by UNICEF is credited as regular resources.

12. Contributions in kind are valued by management and reflect the cost UNICEF would normally pay for similar items.

13. Supported deliveries are not reflected in the financial accounts of UNICEF, although they are handled through the administrative structures of the organization.

Expenditure

14. All expenditures of UNICEF are accounted for on an accrual basis, except for certain expenditures relating to staff entitlements, which are accounted for on the basis of cash disbursements only.

15. Deferred charges comprise expenditure items which are not properly chargeable in the current financial period and which will be charged as expenditure in a subsequent financial period.

Cash

16. All funds received are initially deposited into UNICEF bank accounts and reflected as cash holdings.

Allowance for doubtful contributions receivable

17. In line with the recommendation of the external auditors (A/51/5/Add.12, paragraph 35), UNICEF maintains a provision for potentially uncollectible contributions receivable.

Inventory

18. The inventory of programme supplies at the UNICEF Supply Division warehouses is shown at average cost. All costs associated with bringing the goods to the warehouse are considered as part of the average cost. Goods in transit to the warehouse are valued at actual cost.

Capital assets

19. Capital assets consist of office buildings and staff housing and are presented at their acquisition cost.

Unliquidated obligations

20. Cancellation of unliquidated obligations is recorded as a reduction of expenditure if the budgetary account is valid, or as savings on or cancellation of prior periods' obligations if the budgetary account has expired.

Consolidation

21. The financial report and statements reflect the net operating income, assets and liabilities of the Private Fundraising and Partnerships Division. Transactions between UNICEF and the Private Fundraising and Partnerships Division are eliminated on consolidation.

Non-expendable property

22. Furniture, equipment and other non-expendable property are not included in the assets of the organization. Acquisitions are charged against budgetary accounts in the year of purchase.

Reclassifications

23. Certain amounts classified as miscellaneous income in 2007 have been reclassified to allow comparison with the same amounts in 2008.

24. In order to clarify the financial impact of currency exchange rates, during 2008, two separately reported activities, namely "gains and losses on foreign exchange transactions" and "currency exchange adjustments", were reported as a new activity, "net currency exchange adjustments and gains on foreign exchange", under other income in the statement of income and expenditure. Prior to 2008, "gains and losses on foreign exchange transactions" were reported as miscellaneous income, and currency exchange adjustments were reported separately. The change (in 2007) resulted in a decrease of amounts reported as miscellaneous income and an increase in amounts reported as net currency exchange adjustments and gains on foreign exchange of \$4.9 million.

25. In 2008, the cancellation of unliquidated obligations related to expired budgetary accounts is recorded against the fund balance (savings on or cancellation of prior periods' obligations). Prior to 2008, these amounts were reported as miscellaneous income. This change (in 2007) resulted in the following: \$846 thousand increase in miscellaneous income, \$1.2 million increase in savings on or cancellations of prior periods' obligations, and \$2 million increase in prior period adjustments.

Private Fundraising and Partnerships Division

Accounting convention

26. The Private Fundraising and Partnerships Division accounts are maintained in accordance with the Financial Regulations and Rules of UNICEF and the Greeting Card Operation special supplement.

Unit of account

27. The accounting unit is in United States dollars. The equivalent in United States dollars of other currencies is established on the basis of the United Nations operational rates of exchange on the transaction date.

Translation of currencies

28. Assets and liabilities in currencies other than the United States dollar are valued for accounting purposes at the prevailing United Nations rates of exchange. Any variance in valuation caused by fluctuation of those rates is accounted for as a gain or loss and is included in the statement of income and expenditure under exchange rate adjustment.

Income

29. Gross proceeds from the sale of cards and gifts are recorded in local currency and accrued on the basis of the provisional sales reports received from the sales partners at year-end. They are converted into United States dollars at the United Nations operational rates of exchange prevailing on 31 December. The accrual is adjusted in the following year on the receipt of the final sales report. If the provisional sales report is not received from a sales partner by end-of-year closure, gross proceeds are accrued on deliveries to that sales partner for the year, less an allowance for unsold goods.

30. Income from private fundraising activities and related expenses is recorded separately in the Private Fundraising and Partnerships Division accounts. The net proceeds raised by National Committees from private fundraising activities for regular resources are recorded based on the provisional reports submitted. These are then adjusted in the following year upon receipt of the final reports. Net proceeds raised by field offices from private fundraising activities are recorded upon receipt of funds.

Allowance for doubtful accounts receivable

31. In accordance with Private Fundraising and Partnerships Division accounting policy, a provision to cover accounts receivable that are considered doubtful for collection may be established. This provision is shown as a deduction from accounts receivable on the statement of assets and liabilities.

Inventory

32. The inventory of work in process and finished goods are valued at standard cost, while raw materials are valued at moving average cost. It is the policy of the Private Fundraising and Partnerships Division to write down unsold cards and dated gifts at the end of the first sales campaign year, and all other gifts at the end of the

second sales campaign year. Gifts that have been written down and carried forward are valued at their add-on cost. All publicity and promotional materials produced in the current campaign year, but relating to future campaign years, are shown at standard cost and included in inventory.

Capital assets

33. Capital assets costing \$100,000 or more are capitalized and depreciated over their estimated useful life.

Liabilities

34. Liabilities are accrued in the Private Fundraising and Partnerships Division accounts following recognized accounting standards, and appropriate cut-off procedures are followed consistently.

Note 3

Transfer to the biennium support budget

35. A transfer is made from income to the biennium support budget, in keeping with the budget harmonization of the United Nations Development Programme (UNDP), the United Nations Population Fund and UNICEF, and is shown in the following table:

(Thousands of United States dollars)

	2008	2007
Government contributions towards local costs	342	162
Income tax reimbursement	17 106	15 831

Note 8 Reserves

(Thousands of United States dollars)

	<i>Balance as at 1 January 2008</i>	<i>Funds received</i>	<i>Expenses</i>	<i>Balance as at 31 December 2008</i>
Reserve for procurement services	2 000			2 000
Reserve for insurance	115			115
Reserve for capital assets	27 126	86		27 212
Reserve for after-service health insurance	150 000	30 000		180 000
Reserve for separation fund	18 279	20 065	19 632	18 712
Total	197 520	50 151	19 632	228 039

Reserve for procurement services

36. In 1993, the Executive Board approved the establishment of a reserve for procurement services of \$2 million to absorb possible future shortfalls. This reserve was funded by the surplus of handling fees charged for each procurement request against staff and related expenses charged against this fee by the Supply Division. There were no movements in the reserve in 2008.

37. The income and expenditure relating to procurement services amounted to:

(Thousands of United States dollars)

	<i>2008</i>	<i>2007</i>
Funds received	17 558	20 460
Less: staff and related expenses	12 308	11 722
Transfer to miscellaneous income	5 250	8 738

Reserve for insurance

38. In 1950, the Executive Board approved the establishment of a reserve for insurance of \$200,000 to absorb losses of UNICEF programme supplies and equipment not covered by commercial insurance. This amount was funded by approved freight allocations. In 1987, an additional \$100,000 from regular resources was added to the reserve to self-insure for property losses. There were no movements in the reserve in 2008.

Reserve for capital assets

39. In 1990, the Executive Board approved the establishment of a capital asset reserve of \$22 million from regular resources to better control future purchases of capital assets, mainly office buildings and staff housing in the field.

Reserve for after-service health insurance

40. In 2003, the Executive Board approved the establishment of a funded reserve for after-service health insurance and an initial allocation of \$30 million from regular resources. The reserve was increased each year thereafter, bringing the balance to \$180 million as at 31 December 2008. Currently, disbursements for retirees are charged against the budget appropriations of the periods when actual payments are made.

Reserve for separation fund

41. In 2006, the Executive Board approved the establishment of a separation fund to cover separation and termination liabilities and an initial allocation of \$10 million from regular resources. The fund will be built up on an annual basis by the net of total contributions less payments made. There was an increase of \$433,000 in the reserve during the year ended 31 December 2008.

Note 9

Cash and term deposits

(Thousands of United States dollars)

	2008	2007
Term deposits	1 780 600	2 100 992
Cash (convertible)	76 620	116 130
Cash (non-convertible)	7 208	12 707
Total	1 864 428	2 229 829

Note 10

Investments

42. Investments include marketable securities and other negotiable instruments acquired by the organization to produce income. Investments are stated at cost plus or minus any amortized premium or discount. As at 31 December 2008 and 2007, a total of \$1,017 million and \$445 million respectively, was invested in fixed-income securities.

43. As at 31 December 2008 and 2007, the market value of investments was \$1,019 million and \$446 million, respectively. While the market value of the financial instruments may fluctuate during the investment period, it does not affect the value due on maturity to UNICEF.

Note 11

Contributions receivable

44. An aging of contributions receivable is shown in the following table:

(Thousands of United States dollars)

	<i>Prior to 2006</i>	<i>2006</i>	<i>2007</i>	<i>2008</i>	<i>Total 31 December 2008</i>	<i>Total 31 December 2007</i>
Contributions receivable	89	6 868	9 927	260 268	277 152	251 288

Note 12

Provision for uncollectible contributions

45. In line with the recommendation of the external auditors (A/51/5/Add.12, paragraph 35), UNICEF maintains a provision for potentially uncollectible contributions receivable. This provision is set at \$5 million.

Note 13

Note 20 Medical Insurance Plan

47. The Medical Insurance Plan is a health and dental insurance plan operated by the United Nations, UNDP, the Office of the United Nations High Commissioner for Refugees and UNICEF at designated duty stations for the benefit of locally recruited current and former General Service staff members, national Professional officers and their eligible family members. Staff members and the organization share in the cost of the premiums. The ending balance represents the opening balance plus premiums less expenditure.

(Thousands of United States dollars)

	2008	2007
Opening balance	47 022	44 420
Plus: Premiums	14 689	12 971
Less: Expenditure	11 679	10 369
Ending balance	50 032	47 022

Note 21

After-service health insurance liability

48. UNICEF engaged the services of a consulting actuary to carry out an actuarial valuation of post-retirement health insurance benefits as at 31 December 2007. On the basis of that study, it has been estimated that UNICEF liability as at 31 December 2007 for after-service health insurance benefits covering all participants is as follows:

(Thousands of United States dollars)

	<i>Present value of future benefits as at 31 December 2007</i>	<i>Accrued liability as at 31 December 2007</i>
Gross liability	883 663	613 961
Offset from retirees	185 141	131 248
Total	698 522	482 713

49. The present value of future benefits is the discounted value of all benefits, less retiree contributions, to be paid in the future to all current retirees and active staff members expected to retire in the future. In actuarial terminology, it is called the expected post-retirement benefit obligation.

50. The accrued liability for future benefits represents that portion of the present value of benefits that has accrued from the staff member's date of hire until the valuation date. An active staff member's benefit is fully accrued when that staff member has reached the date of full eligibility for benefits. Thus, for retirees and active staff members who are eligible to retire with benefits, the present value of future benefits and the accrued liability are equal. In actuarial terminology, the accrued liability is called the accumulated post-retirement benefit obligation.

51. As at 31 December 2008, the balance for the after-service health insurance reserve was \$180 million.

Note 22

Other end-of-service liabilities

52. In 2008, UNICEF engaged a consulting actuary to carry out an actuarial valuation of its annual leave and repatriation benefits as at 31 December 2008. On

the basis of that study, it has been estimated that UNICEF liability as at 31 December 2008 for annual leave and repatriation benefits is as follows:

(Thousands of United States dollars)

	<i>Present value of future benefits as at 31 December 2008</i>	<i>Accrued liability as at 31 December 2008</i>
Annual leave	70 213	32 590
Repatriation benefits	90 645	71 434
Total	160 858	103 933

53. Comparative amounts for 2007 are not available.

54. For both annual leave and repatriation benefits, the accrued liability represents that portion of the present value of future benefits that has been accrued from the staff member's date of hire until the valuation date.

55. As at 31 December 2008, the balance of the separation fund was \$18.7 million.

Note 23

United Nations Joint Staff Pension Fund

56. UNICEF is a member organization participating in the United Nations Joint Staff Pension Fund, which was established by the General Assembly to provide retirement, death, disability and related benefits. The Pension Fund is a funded defined benefit plan. The financial obligations of the organization to the pension fund consist of its mandated contribution at the rate established by the General Assembly, together with any share of any actuarial deficiency payments under article 26 of the Regulations and Rules of the Fund. Such deficiency payments are payable only if and when the General Assembly has invoked the provision of article 26, following determination that there is a requirement for deficiency payments based on an assessment of the actuarial sufficiency of the funds as of the valuation date.

57. At the time of the preparation of this report, the General Assembly had not invoked this provision.

Note 24

Lease

58. UNICEF is a lessee of the United Nations Development Corporation for a building known as Three United Nations Plaza, as specified in a lease agreement between the parties dated 13 August 1984 and amendment thereto dated 11 January 1994. The base rent, exclusive of operating expense escalations, is fixed at approximately \$5.9 million annually, and the lease period extends to 2026. UNICEF may receive title to Three United Nations Plaza upon the expiration of the lease agreement for the consideration of \$1 if it fulfils the conditions of continuous and uninterrupted stay in the building and maintenance of its worldwide headquarters in

New York City until 2026. As at 31 December 2008, UNICEF had made payments under this lease agreement totalling \$88 million, and has a further \$103 million in lease commitments between 2009 and 2026.

Note 25 Non-expendable property

(Thousands of United States dollars)

	2008	2007
Cost of non-expendable property — UNICEF	48 568	45 532
Cost of non-expendable property — under UNICEF custody	102 753	97 082
Total	151 321	142 614

Note 26 Liquidity

59. The UNICEF liquidity policy recommends a minimum year-end balance of regular resources convertible cash equal to 10 per cent of projected regular resources income for the following year.

60. The financial plan for 2008 recommended minimum regular resources convertible cash balance of \$118 million.

61. For the purpose of meeting this internal guideline, UNICEF cash holdings and investments, excluding trust funds, are estimated to be split between regular resources and other resources as follows:

(Thousands of United States dollars)

	<i>Regular resources</i>	<i>Other resources</i>
Term deposits, cash (convertible) and investments	854 988	1 752 449
Cash (non-convertible)	7 208	
Total	862 196	1 752 449

62. UNICEF met its internal liquidity guideline for the year 2008.

Schedule 1 Contributions received or pledged for the year ended 31 December 2008

(Thousands of United States dollars)
