

2008/21. Additional United Nations-mandated security measures for UNICEF personnel and premises

The Executive Board

1. *Takes note* of the additional funding requirements of UNICEF for security activities described in this document and presented in the annex to the present report, amounting to \$21.4 million;
2. *Approves* the net amount of \$21.4 million as an additional requirement from regular resources to cover security measures mandated by the United Nations;
3. *Authorizes* the UNICEF Executive Director on an exceptional basis, during 2008-2009, to access up to an additional 20 per cent (\$4.3 million) of the \$21.4 million proposed net regular resources earmarked for security measures, mandated by the United Nations. UNICEF will limit the use of those funds to new and emerging security mandates, as defined in the United Nations Department of Safety and Security directives, and will report to the Executive Board on the use of those funds in its annual report of the Executive Director on progress and achievements against the medium-term strategic plan.
