## YPHD EVALUATION UNICEF UKRAINE 2001

1. To develop the methodology and provide the evaluation of YPHD project in Ukraine (1998-2001).
2. To provide quantitative and qualitative data analysis, research of the best practices and lessons learnt.
3. To prepare the evaluation report (about 100 pages) and presentation material "Evaluation of YPHD Project in Ukraine" (min number of pages is 50).

### Final product requirements:

The results of the evaluation should be submitted to UNICEF in the form of a comprehensive document including the narrative/analytical part and statistical illustrations/annexes presenting the documented results of sociological survey(s) and interviews. Detailed description of the methodologies and sources of information/data used in the study is required. The presentation material should summarise all major findings and recommendations.

The documents should be submitted in the hard copy and in electronic form (Word), with statistical annexes presented in Excel format.

Every two-week period the working discussions with UNICEF are to be held in order to assure that the work is progressing in the agreed direction and necessary amendments/additions are incorporated into the text in proper time.
