

As of January 2003

AD syringes	Type	Total Awarded Quantity (50% of 2003)	Weighted Average Price per unit (USD)
0.5ml AD syringe		208,000,000	\$0.0575
0.1/0.05ml AD syringe		20,000,000	\$0.0672

## 2003 AD syringes Weighted Average Pricing

**Notes:**

1) The above represents the weighted average prices based on the awards for the first half of 2003, per product type. The weighted average price for the 0.5ml syringe is FCA Nearest Port/International Airport. The Weighted average price for the BCG AD syringe is Ex. UNICEF Warehouse in Copenhagen.

2) The weighted average prices may represents a range of different product designs and characteristics (for example; blister-packed and loose-packed syringes).

3) Due to varying price ranges within each syringe volume the price indicated may not reflect actual price. UNICEF country offices are requested to contact Supply Division for specific budget request needs.

4) Projected quantities will adjusted throughout the year, subject to change in country need and forecasts and results of new tender.
