### SCRIPT:

My name is Keabetswe Gabautlwe, I am twelve years old. I live in Kanye, Botswana

I live with my grandmother but I don't like living with her. She used to threaten me and my brothers and told us it wasn't her fault that my mother was dead. And she used to beat me brutally.

I never knew my mother because she passed away when I was very young. From what I hear, she was very ill and then she died.

One day I was with my friend who was stealing some sweets. My friend put the sweets in his jacket, and the shop owner started to beat us,

My life has improved a lot since I came to this project.

We come here in the morning, have breakfast and then we go to school.

I am happy here with these people but the problem is I have to go home. I don't like that.
