

# HAITI EARTHQUAKE

## HELP CHILDREN IN HAITI

# Children's Appeal

## EVERY MINUTE COUNTS

In any disaster, children are the most vulnerable.

A devastating earthquake struck Haiti bringing untold suffering to children and their families. UNICEF is racing against time to save children from thirst, injury and exploitation. Since the beginning UNICEF has been on the ground providing children with urgent needs such as water purification tablets, emergency health kits and tents to provide temporary housing.

**But we cannot do this alone.**

**We appeal for your generous support to help the children in Haiti now!**

- **RM50** : provides 200 sachets of oral rehydration salts which can protect children from dehydration and diarrhea
- **RM100** : provides 6 families with clean water for 1 day
- **RM600** : provides 3 families with temporary shelter

Please donate to UNICEF's **Haiti Earthquake Children's Appeal 2010** today.
