Notes:

- 1) The above represents the weighted average prices for the period Q4 2009 to Q3 2011. The weighted average prices are based on FCA Nearest International Sea-/Airport.
- 2) The weighted average prices represents a range of different product designs and characteristics
- 3) Due to varying price ranges within each syringe volume the prices indicated may not reflect the actual price. UNICEF country offices are requested to contact Supply Division for specific budget request needs.
- 4) Projected quantities will be adjusted throughout the year, subject to change in country needs and forecasts and results of new tenders.
