	<p><u>Script</u></p> <p>Much of Bolivia's department of Beni lies under water....</p> <p>Since December, heavy rains have caused major rivers to overflow destroying crops and isolating communities,</p> <p>The humanitarian situation remains critical in this flooded region of the Amazon....</p> <p>Up to 40 per cent of flood victims here are children living with their parents in provisional shelters set up in public schools or in tents.</p> <p>SOT girl – Lucien Sanchez, 8. “Overnight our patio was filled with water. When we went to sleep at night, there was nothing and then when we got up we were surrounded by water and we had to leave our house because it was completely flooded.”</p> <p>In affected communities, health authorities have been concerned over the potential for water and sanitation related diseases. Medical attention to children has been a priority.</p> <p>SOT doctor – Carlos Castedo “Right now, we've had a lot of problems: acute respiratory infections, skin infections typical of mud and all the problems associated with unsafe water. Right now, the worst has yet to come when the waters return and infections break out again.”</p> <p>In the Departments of Santa Cruz, Beni and Cochabamba, UNICEF and its partners are providing humanitarian assistance in the areas of water, sanitation, food, shelter and education.</p> <p>With an eye out to protecting children's welfare until the situation stabilizes.</p>	<p><u>Shotlist</u></p> <ol style="list-style-type: none"> 1. Wide Aerial shot of flooded area 2. Wide shot children on canoe 3. Med shot helicopter rescuing a family 4. Med shot families in shelter 5.
