

Costed evaluation plan – Honduras – UNICEF country programme of cooperation, 2017–2021

The table draws from the Integrated Monitoring and Evaluation Plan to cover present evaluations planned for the duration of the programme cycle. Additional guidance on financial resources for evaluation are outlined in the revised Evaluation Policy ([E/ICEF/2013/14](#)).

<i>Evaluation title</i>	<i>UNDAF (or equivalent) outcome</i>	<i>UNICEF Strategic Plan outcome</i>	<i>Criteria used for selection</i>	<i>Intended use of evaluation findings</i>	<i>Expected start date</i>	<i>Anticipated cost and provisional source of funding (Regular resources (RR), Other resources (OR)) in US dollars</i>
Effectiveness of the community model for preventing and protecting against childhood violence	The Honduran population and, in particular, the most vulnerable groups in municipalities with high rates of violence and crime coexist in improved conditions, with improved citizen security and access to justice	Child protection. Improved and equitable prevention of and response to violence, abuse and exploitation of children	Potential for replicating or extending the programme to other municipalities	Generate evidence on effectiveness based on the costs of local interventions for the prevention of and response to violence against children. This is to be used in advocacy before local and national governments in favour of the adoption of the programme, investment in its sustainability and its extension to other municipalities	May 2017	OR 100 000
Evaluation of the impact of the National Early Childhood Development Policy	Excluded populations in priority municipalities have improved access to integrated, quality health services with a focus on the determinants of good health	Health. Improved and equitable use of high-impact maternal and child health interventions from pregnancy to adolescence and promotion of health-promoting behaviours Nutrition. Improved and equitable access to and use of nutritional support and improved nutrition and care practices	No evaluation of this policy has been carried out	Knowledge management to guide public policy. This is a joint evaluation with the Government	June 2018	RR 100 000

<p>Evaluation of the effectiveness of the policy to achieve universal coverage in preschool and primary education and include out-of-school children and adolescents in quality education</p>	<p>The most vulnerable children and adolescents in priority municipalities at preschool, primary and middle-level education levels have access to inclusive, quality education</p>	<p>Education. Improved and equitable access to and completion of inclusive, quality education with a focus on improving learning outcomes</p>	<p>1. The Government of Honduras is making considerable investment in the implementation of this policy, with support from cooperation</p> <p>2. UNICEF has had a key role in supporting the implementation and coordination of cooperation</p>	<p>1. Knowledge management to guide public education policy towards adopting an equitable approach</p> <p>2. Support for decentralized processes to manage education</p>	<p><i>June 2019</i></p>	<p>RR 100 000</p>
<p>Relevance, efficiency, effectiveness and sustainability of local systems for protection of child rights to improve social inclusion of the most disadvantaged children</p>	<p>The Honduran population in priority municipalities has improved the exercise of human rights, with more efficient and transparent institutions for national and local public policy management</p>	<p>Social inclusion. Improved policy environment and systems that effectively respond to increasing knowledge and data on disadvantaged and excluded girls and boys</p>	<p>1. The emphasis of the Honduras–UNICEF programme of cooperation is on the local level, building capacities to work jointly on local systems for the protection of child rights in selected municipalities</p> <p>2. Potential for replicating or extending the programme to other municipalities</p> <p>3. Planned investment is in excess of \$10 million during the cooperation cycle, with participation from the various partners</p>	<p>Manage knowledge to guide the development of systems and programmes</p>	<p><i>June 2020</i></p>	<p>OR 100 000</p>
