

Costed evaluation plan – Côte d’Ivoire – UNICEF country programme of cooperation, 2017–2020

The table draws from the Integrated Monitoring and Evaluation Plan to cover present evaluations planned for the duration of the programme cycle. Additional guidance on financial resources for evaluation are outlined in the revised Evaluation Policy ([E/ICEF/2013/14](#)).

<i>Evaluation title</i>	<i>UNDAF (or equivalent) outcome</i>	<i>UNICEF Strategic Plan outcome</i>	<i>Criteria used for selection</i>	<i>Intended use of evaluation findings</i>	<i>Expected start date</i>	<i>Anticipated cost and provisional source of funding (Regular resources (RR), Other resources (OR)) in US dollars</i>
Evaluation of the impact of UNICEF actions on birth registration in Côte d’Ivoire	By 2020, the national institutes implement public policies that strengthen governance and social cohesion in order to reduce inequalities.	Improved and equitable prevention of and response to violence, abuse, exploitation and neglect of children.	Major evaluation focused on: (a) Long period of unevaluated programme implementation; (b) An important challenge and a significant issue for children.	To inform decision makers on civil registration, as well as learning, guiding programme future actions and scale-up	June 2020	Total: \$130,000 RR: \$70,000 OR: \$60,000
Evaluation of child friendly school (CFS) approach in Côte d’Ivoire	By 2020, the most vulnerable populations benefit equally from quality basic social services and social protection.	Improved learning outcomes and equitable and inclusive education.	Major evaluation focused on: (a) The CFS approach is an opportunity to perform both access and quality of education at school level and to mobilize all actors included local communities and children; (b) Programme replication or scale-up opportunity within the framework of the education sector plan 2017-2026; (c) CFS programme has not been evaluated over the last 8 years.	The purpose of the evaluation is to assess how the CFS approach has been implemented to improve education quality in Côte d’Ivoire, and To use the evidence generated for UNICEF advocacy and to inform education policy reforms, including scale-up of the programme to increase coverage, and further results for children. Inform decision-making on policies, development and organizational effectiveness and for programme design	June 2017	Total: \$130,000 RR: \$80,000 OR: \$50,000
