

Costed evaluation plan – Government of Sri Lanka – UNICEF country programme of cooperation, 2018–2022

The table draws from the Integrated Monitoring and Evaluation Plan to cover present evaluations planned for the duration of the programme cycle. Additional guidance on financial resources for evaluation are outlined in the revised Evaluation Policy ([E/ICEF/2013/14](#)).

<i>Evaluation title</i>	<i>UNDAF (or equivalent) outcome</i>	<i>Draft UNICEF Strategic Plan, 2018-2021* Goal Areas</i>	<i>Sri Lanka country programme outcome</i>	<i>Criteria used for selection</i>	<i>Intended use of evaluation findings</i>	<i>Expected start date</i>	<i>Anticipated cost and provisional source of funding (regular resources (RR), other resources (OR)) in United States dollars</i>
Evaluation of the social and behaviour change strategies related to violence against children.	By 2022, people in Sri Lanka, especially vulnerable and marginalized children, youth, women, the elderly and people with disabilities, benefit equitably from dynamic and responsive social protection systems.	Goal Area 3: Every child is protected from violence and exploitation	Outcome 1: By 2022, children under 5 years in targeted areas benefit from quality health care and nutrition, protection and development. Outcome 2: By 2022, girls and boys (5-9 years), especially the most deprived, benefit from healthy, nurturing, protective environments and live free from violence.	Programme replication/scale-up	(a) Provide a comprehensive picture of current knowledge, attitudes and practices in relation to violence against children in Sri Lanka to inform programme design for the new country programme; (b) Assess changes achieved in knowledge, attitudes and practices in relation to violence against children in Sri Lanka after 4four years of programme implementation; (c) Enhance UNICEF accountability to key stakeholders and contribute to learning and knowledge-sharing; d) Inform decision-making on policies and programme design.	2021	150 000 (OR)
Evaluation of the multilevel pedagogy model implemented in targeted schools for grades 2 to 4 in the Eastern province	By 2022, people in Sri Lanka, especially vulnerable and marginalized children, youth, women, the elderly and people with disabilities,, benefit equitably from dynamic and responsive social protection systems.	Goal Area 2: Every child learns	Outcome 2: By 2022, children (5-9 years), especially the most deprived, benefit from healthy, nurturing, protective environments and live free from violence.	Programme replication/scale-up	(a) Assess the elements of the multilevel approach that have or have not worked well and the reasons; (b) Provide recommendations for scale-up of programme up to grade 5; (c) Advocate with the Government to mainstream multilevel pedagogy into the national education system.	2018	100 000 (OR)

* The final version will be presented to the UNICEF Executive Board for approval at its second regular session of 2017.

<i>Evaluation title</i>	<i>UNDAF (or equivalent) outcome</i>	<i>Draft UNICEF Strategic Plan, 2018-2021* Goal Areas</i>	<i>Sri Lanka country programme outcome</i>	<i>Criteria used for selection</i>	<i>Intended use of evaluation findings</i>	<i>Expected start date</i>	<i>Anticipated cost and provisional source of funding (regular resources (RR), other resources (OR)) in United States dollars</i>
Evaluation of the Education for Social Cohesion Programme	By 2022, people in Sri Lanka, especially vulnerable and marginalized children, youth, women, the elderly and people with disabilities,, benefit equitably from dynamic and responsive social protection systems	Goal Area 2: Every child learns	Outcome 3: By 2022, adolescent boys and girls, especially the most deprived, live free from violence, have capability to reach their full potential and contribute to a cohesive and resilient society.	Long periods of unevaluated programme implementation.	(a) Assess results and document learnings from UNICEF's Education for Social Cohesion programme. (b) Contribute to improve UNICEF's programme design. c) Advocate with stakeholders including policy makers to strengthen the implementation of the policy.	2020	100 000 (OR)
Evaluation of the District Nutrition Monitoring and Surveillance System piloted in targeted districts of Sri Lanka.	By 2022, people in Sri Lanka, especially vulnerable and marginalized children, youth, women, the elderly and people with disabilities,, benefit equitably from dynamic and responsive social protection systems	Goal Area 1: Every child survives and thrives	Outcome 1: By 2022, children under 5 years in targeted areas benefit from quality health care and nutrition, protection and development opportunities in their home, care and preschool environments.	Programme replication/scale-up	(a) Assess the extent to which the system has contributed to improving nutrition status of children under 5 years, health-service provision and multi-stakeholder engagement; (b) Understand the level of acceptance of the system by health staff; (c) Make recommendations for the enhancement of the system and for scale-up in all districts.	2018	60 000 (OR)
Total							410 000
