

Costed evaluation plan – Cambodia – UNICEF country programme of cooperation, 2019–2023

The table draws from the Integrated Monitoring and Evaluation Plan to cover present evaluations planned for the duration of the programme cycle. Additional guidance on financial resources for evaluation is outlined in the revised evaluation policy of UNICEF ([E/ICEF/2018/14](#)).

<i>Evaluation title</i>	<i>United Nations Development Assistance Framework (or equivalent) outcome</i>	<i>UNICEF Strategic Plan, 2018–2021 Goal Area</i>	<i>Criteria used for selection</i>	<i>Intended use of evaluation findings</i>	<i>Expected start date</i>	<i>Anticipated cost and provisional source of funding (regular resources (RR), or other resources (OR)) in United States dollars</i>
Evaluation of the integrated early childhood development (IECD) approach implemented in the period 2016–2018	Outcome 1: By 2023, women and men in Cambodia, particularly those marginalized and vulnerable, have their basic economic and social rights realized as they benefit from and utilize expanded quality social services and social protection in a fairer and more resilient and sustainable society.	Goal Area 1 outcome: By 2023, pregnant women, mothers (particularly adolescent mothers and pregnant adolescents), newborns and children under the age of 5 years have increased equitable access to and use of quality health and nutrition services, especially in the north-eastern provinces of Cambodia and among marginalized groups, including during emergencies.	Before programme replication, to ensure adequate understanding of successful and hindering factors as well as risks and limitations, and long period of unevaluated programme implementation	<ul style="list-style-type: none"> – Understand whether the IECD approach in the north-east is conceptually sound and whether its practical applicability would help to accelerate progress in reaching the most disadvantaged children. – Identify the cost effectiveness of the IECD approach. – Contribute to learning and advocacy on IECD to achieve sustainable early childhood development outcomes, including identifying opportunities for the replication and expansion of the approach. 	January 2019	50 000 (RR) 50 000 (OR) 100 000 (Total)
Formative evaluation of the work of UNICEF on climate resilient water, sanitation and hygiene (WASH)	Outcome 3: By 2023, women and men in Cambodia, in particular the marginalized and vulnerable, live in a safer, healthier, more secure and ecologically balanced environment with improved livelihoods, and are resilient to natural and climate change-related trends and shocks.	Goal Area 4 outcome: By 2023, underserved children in Cambodia live, study and use health-care services in a safe and clean environment.	Unevaluated programme implementation of a new approach to WASH programming that includes the upgrade or development of climate-resilient water sources, specifically regarding droughts and floods.	<ul style="list-style-type: none"> – Identify challenges and opportunities to support national scale-up. – Guide decision-makers and planners on the effectiveness of the work of UNICEF on climate-resilient WASH. – Contribute to learning around climate-resilient 	July 2021	37 500 (RR) 37 500 (OR) 75 000 (Total)

<i>Evaluation title</i>	<i>United Nations Development Assistance Framework (or equivalent) outcome</i>	<i>UNICEF Strategic Plan, 2018–2021 Goal Area</i>	<i>Criteria used for selection</i>	<i>Intended use of evaluation findings</i>	<i>Expected start date</i>	<i>Anticipated cost and provisional source of funding (regular resources (RR), or other resources (OR)) in United States dollars</i>
				interventions and identify lessons and good practices for future programming in similar contexts.		
Impact evaluation of the education capacity development partnership fund – Phase III	Outcome 1: By 2023, women and men in Cambodia, particularly those marginalized and vulnerable, have their basic economic and social rights realized as they benefit from and utilize expanded quality social services and social protection in a fairer and more resilient and sustainable society.	Goal Area 2: By 2023, the right to inclusive, equitable, relevant and quality early childhood and basic education that promotes lifelong learning, particularly for boys and girls in rural and urban poor areas, is increasingly fulfilled.	Major evaluation focused on a programme component with an expenditure exceeding \$10 million; the evaluation is aimed at ensuring adequate evidence of the impact of the fund on education in Cambodia.	<ul style="list-style-type: none"> – Understand the impact of the fund to improve inclusive, equitable, relevant and quality education in Cambodia. – Advocate for continued prioritization of MoEYS and development partners to capacity development, translating to accelerate achievement of policy priorities in the Education Strategic Plan. – Contribute to accountability to donors, learning and knowledge-sharing on the impact of capacity development interventions in education. 	July 2021	200 000 (OR)
Outcome evaluation of the child protection programme	Outcome 1: By 2023, women and men in Cambodia, particularly those marginalized and vulnerable, have their basic economic and social rights realized as they benefit from and utilize expanded quality social services and social protection in a fairer and more resilient and sustainable society.	Goal Area 3: By 2023, girls and boys including adolescent girls and boys, living with families and outside of family care, are increasingly protected from violence and exploitation and from the threat of violence and exploitation in their homes, in their schools, in their	Follow-up to 2017 formative evaluation of UNICEF’s child protection programme to assess the results achieved by the child protection programme before programme replication.	<ul style="list-style-type: none"> – Identify strengths and weaknesses of the child protection programme for progressive replication in other provinces in Cambodia – Inform decision-making on impact of the child protection programme on children and caregivers, including strategic priorities of key government departments 	July 2021	100 000 (RR) 100 000 (OR) 200 000 (Total)
