CERF, UK Aid, French Natcom, German Natcom, Canadian Government and Swedish Government

HIGHLIGHTS & URGENT ACTIONS REQUIRED FOR CHILDREN

- The crisis in the Kasais has become the country's most acute crisis in terms of casualties, population movements and volume of new humanitarian needs.
- Children have been injured and killed in the violence and separated from their families, with reports of children being used and caught in the violence, detained in prison, raped and even executed.
- 408 children enrolled in the militias and/ or detained in prison for being associated with the militias have been released with UNICEF assistance.
- Nearly 400,000 children are at risk of severe acute malnutrition in the Greater Kasai Region (Kasai, Kasai Central, Kasai Oriental, Lomami, Sankuru) due to the violence.
- UNICEF response plan to the crisis in the Kasai is estimated at USD 40.2 million. Only USD 4.1 million (10%) is available for UNICEF humanitarian response in the Kasais.

* WASH: Water, Sanitation and Hygiene
