HUMAN RESOURCES: SCALING UP OF UNICEF PRESENCE IN THE FIELD

- Two new surge capacity provided by Norwegian Refugee Council to support sector coordination in WASH and Nutrition
- Three on-going surge capacity provided by MSB, CANADEM, and Norwegian Refugee Council supporting UNICEF sector leads in information management and State-level emergency coordination
- A new Child Protection in Emergencies (CPiE) Coordination Specialist provided by the CP Working Group of the Rapid Response Team in Geneva for two-month support to establish coordination mechanisms at federal and state levels.

Field level Coordination led by Government and supported by UNICEF and other partners at regional level:
- Borno, Adamawa, Yobe have functional Emergency Education Coordination Committees as part of the Safe Schools Initiative and a sub-national level Education in Emergencies working group established in Gombe state
- WASH in Emergencies (WiE) working group established and active in Adamawa
- Monthly CMAM coordination meetings are held in all 11 high priority northern states begun producing monthly reports (dashboards) and quarterly bulletins
- Bi-monthly inter-sector coordination meetings are on-going in Maiduguri

SUPPLIES

- School-level distribution of 325 school-in-a-box kits (100-Borno; 100-Adamawa; 100-Yobe; 25-Gombe) and 20,200 school bags (12,600-Borno; 5,800-Adamawa; 800-Yobe; 1,000-Gombe) deliveries to state universal basic education boards is on-going.

* Table above does not include carry over funds received in 2014 from CERF, Japan and the Netherlands
### NUTRITION

| 7,665 | Children under 5 with severe acute malnutrition (SAM) admitted for treatment up to March 2015 in North East Nigeria |

| 4,640 | Children under 5 with SAM who recovered under treatment up to March 2015 in North East Nigeria |

| 29,397 | Conflict affected children benefitting from school-in-a-box since the beginning of the year in North East Nigeria |

### UNICEF response to date

- The Psychosocial Support Programme is operational in Borno, Yobe and Adamawa with 30 new centres having been established in Borno and Yobe. Training was carried out in Adamawa for 34 partners/stakeholders engaged in the Monitoring and Reporting Mechanism on grave violations of children’s rights.
- Intensive hygiene promotion activities are on-going in IDP camps in Borno. The rehabilitation of existing sanitation facilities in IDP camps in Yobe have improved sanitation access to 4,093 displaced people.
- There are now 188 CMAM sites in the 3 States and CMAM services have been extended to all 16 IDP camps in Maiduguri and 6 IDP camps in Adamawa. In March 2015, 895 children were admitted for treatment and 899 mothers/caregivers received counselling on Infant Young Child Feeding (IYCF).
- The Health Programme provides Integrated Primary Health Care (PHC) services to IDPs in 6 camps and 4 out-of-camp settlements in Adamawa. As of April 14, 2015, 35,961 men, women and children have benefitted from various PHC services, including curative service, immunization with Vitamin A supplementation and deworming tablets, Screening for malnutrition, HIV Counseling and Testing. 5,345 children 6 month to 15 years were vaccinated against measles through immunization campaign and routine immunization in camp clinics. Integrated PHC services are also provided to the very new IDP camp in Pompomari primary school in Damaturu, Yobe. 458 children and women were reached with high impact interventions during the reporting period. In Borno, clinics have been established in 14 IDP camps and outreach services provided in 2 camps. 34,308 men, women and children have benefitted from health services provided the IDP camps. 3,813 children under 5 were immunized with measles vaccine. 2,517 children under one year were immunized with Injectable Polio Vaccine (IPV).
- Schools were closed temporarily during the presidential and governorship elections, as well as for end of term break. In Yobe, UNICEF held planning and consultation discussions with the Commissioner of Education in support of IDP children in host communities. New IDP arrivals to camps in Borno have been sensitized on the values of education and child rights by the State Coordination Committee, which is a local structure for the Safe School Initiative (SSI) comprising key stakeholders in educational development.

As of 16 April 2015
