

Schedule-I: Procurement of Recycling Equipment for the Upgradation of Plastic Recycle Units (PRU)

Name of Supplier: _____

SL	ITEM DETAILS	UNIT	UNIT PRICE DAP (BDT)	TOTAL PRICE DAP (BDT)	Number of Days Require for Delivery at Place (DAP)
10	<p>Crashing Machine 18” Cutting Plastic type: HDPE, PP, PVC, PE Low noise, less dust with high capacity Capacity: 200,500,1000,1500,2000kg/h ...etc Motor: reputable brand Blade: reputable brand Number of fixed blades: 04 sets minimum 35hp self-diesel engine Battery, Toolbox Production per hour minimum 200 kg, 4 sets cutting blades. Installation: Installation with an electric cable, wiring materials, generator system, main distribution board, and all kinds of circuit breakers (440v to 220v), electric cut-out fuse, switch, board, gang board, three pin Sockets, fabrication, covering, supply, Fittings & fixing of total crushing machine The offer should include all carrying/ transportation, and installation until fully operational.</p> <p>Warranty: After Sales Service: Training: .</p>	01 Set		days
20	<p>Liquid Granulator Recycling Chip Machine Full set. Recycling Chip Types: HDP, PP, LDP Production: minimum 70 kgs or 150 pounds. - Digital panel board. - Motor: 30hp Motor. - Heater 1200 watt - 6 pcs. - Dori cutter Chips machine, -hp motor - 2 pcs, Number of blades: minimum 2 complete sets of blades Installation with full electric cables, wiring</p>	01 Set		days

BID RESPONSE FORM LITB-2022- 9179464

SL	ITEM DETAILS	UNIT	UNIT PRICE DAP (BDT)	TOTAL PRICE DAP (BDT)	Number of Days Require for Delivery at Place (DAP)
	<p>materials, generator system, main distribution board, all types of circuit breakers (440v to 220 v), electric cut-out fuse, switch, board, gang board, three pin, sockets, fabrication, and covering, Supply, fittings & fixing of total Granulator machine including carrying, transportation, and installation and until fully operational.</p> <p>Warranty: After Sales Service: Training:</p>				
30	<p>Generator 120 KW (150KvA) (Type silent mode) with circuit breaker, and panel board. Standby Power KVA 165, Fuel Consumption Alternators Supply including carrying, transportation, and installation, training to operators until fully operational</p> <p>Warranty: After Sales Service: Training:</p>	01 Set		days
40	<p>Molding machine 8 Ounce Injection Molding Machine 20 KW, Electric Recondition Machine Dice: minimum 3 set Dice (including Hand fan, jug, Sheet), Electric Wire, Grease, Mobile, Gear oil, Hydraulic oil, Circuit Breaker. Costs include carrying, transportation, installation, and training to the operator until fully operational.</p> <p>Warranty: After Sales Service: Training:</p>	01 Set		days

BID RESPONSE FORM LITB-2022- 9179464

SPECIAL NOTES:

- 1) Submission of Brochures for the products is MANDATORY. LITB received without **Brochures and required certificates of the standards mentioned for each of the items** will not be considered for further process of adjudication. Please provide full technical description/specification of offered equipment in the bid response form
- 2) Bids will be evaluated on the basis of the technical compliance of the items offered as per UNICEF standard quality, durability, and packing. Based on the acceptability of the product, successful bidders will be selected as per the lowest price and minimum delivery lead time.
- 3) Delivery lead time means:
 - EX-WORKS: Total time required to make the goods readily available at the Supplier’s premises (Ex-Works) from the date of issue of Purchase Order.
 - DAP (Delivery At Place): means delivery of goods to the consignees at the District level. Unit Price /Publicized rate with volume discount (DAP) includes the cost of packaging, cost of transportation during transit, and risk involved up to the consignee.
- 4) The bidders are requested to provide a genuine, specified branded product that is acceptable subject to pre-delivery and/ or post-delivery inspection.
- 5) Supplier must mention "realistic delivery time i.e., number of days required for delivery including time for formal pre-delivery inspection.
- 6) Unit price of the item should include the cost of transportation, the risk involved during transit for Delivery At Place (DAP). Delivery up to District level.
- 7) Price of the item must be given without VAT. The applicable percentage of VAT is to be mentioned in point (d) in the “ANNEX-B : Please advise as to the following and use only this form (fill in manuscript/ type)” table.
- 8) Please refer to Contractual Provisions for LTA-related terms and conditions. Please also refer to Clauses 12 and 13 of the `Specific Terms and Conditions for Invoice Instructions and VAT payment respectively.
- 9) Maintaining UNICEF Visibility to be ensured as per logo and instruction provided by UNICEF.

Please advise as to the following and use only this form (fill in manuscript/ type):

UNICEF Requirements	Bidders’ Response
a. Validity of Offer: Preferably 120 days:	
b. Delivery Terms: EX-Works (EXW) & Delivery At Place (DAP) to the Consignee	
c. Payment Terms (Note clause B of the UNICEF General Terms & Conditions):	
d. Value Added Tax (VAT) in Percentage (%): <u>NB: Suppliers MUST provide proof from the Government Authority. Government circular or policies for the stated VAT percentage otherwise bids will be invalidated.</u>
