

Access to formal education for refugee and migrant children residing in urban accommodation (apartments, shelters, and hotels for UAC, SIL apartments) - January 2019

66% of assessed refugee and migrant children 4-17 years old, residing in urban accommodation, are enrolled in formal school

Based on the percentage it is estimated **5,760** children out of 8,700 children 4-17 in apartments, shelters, and hotels for UAC, or SIL apartments

Enrollment rate of children 4-17 years old in urban accommodation, per region

The assessment provides a snapshot of the enrolment situation of children 4-17 years in urban accommodation, during January 2019.

A total of **5,935** children out of **8,700** were assessed: 3,834 in Attica, 594 in Central Macedonia, 319 in Northern Aegean, 300 in Crete, 241 in Thessaly, 260 in Epirus, 188 in Central Greece, 113 in Peloponnese, 70 in Western Macedonia, 16 in Western Greece. Assessed children were living in apartments (4,897), in shelters (599), and in hotels for UAC (439).

Limitations: not all urban accommodation-providers communicated requested information for this assessment, and therefore the number of enrolled children (5,760) is an estimation for operational purposes.

Note: The total estimated children 4-17 old enrolled in schools across Greece in all types of stay is 11,300

Access to formal education for refugee and migrant children residing in urban accommodation (apartments, shelters, and hotels for UAC, SIL apartments) - January 2019

Age and sex (children 4-17 years old)

Age groups of enrolled children

The percentage of enrolled boys is very similar to the percentage of enrolled girls.

This is true for all age groups, except for the 16-17 years old, when the percentage of enrolled boys is higher.

Of the total enrolled children, the majority are boys, as the majority of assessed children are boys (60%).

Sex of enrolled children 4-17 years old

Enrolment rate per age group

Enrolment rate per age group, per sex

Enrolment rate per sex of enrolled children 4-17 years old

Out of all 5,935 children assessed, 15% were 4-5 years old, 46% were 6-12 years old, 17% were 13-15 years old and 21% were 16-17 years old.

Access to formal education for refugee and migrant children residing in urban accommodation (apartments, shelters, and hotels for UAC, SIL apartments) - January 2019

Countries of origin (children 4-17 years old)

Enrolment rate of children age 4-17 years old per country of origin

Enrolment rate is similar for all nationalities

Boys and girls have similar enrolment rates. Girls from Afghanistan and Pakistan have a higher enrolment rate compared to boys. In the case of Pakistan, the higher enrolment rate of girls is calculated on 15 assessed girls only.

Enrolment rate of boys and girls 4-17 years old per country of origin

Countries of origin of enrolled children age 4-17 years old

While the majority of enrolled children were from Syria, Iraq and Afghanistan, this is mainly due to the fact that the ratio was similar for children assessed.

Types of formal education services available to refugee and migrant children

- Regular schools: kindergartens, primary, secondary (gymnasium, lyceum and vocational education/EPAL)
 - Zone of Educational Priority (ZEP) schools with reception classes
