Division of Data, Analytics, Planning and Monitoring

UNICEF Executive Board – Informal briefing – 23 May 2022

Item 3: Update of the Integrated Results and Resources Framework of the UNICEF Strategic Plan, 2022–2025

Reference document: [E/ICEF/2022/11](#)

Guiding Principles in Target Setting

Alignment

Align indicator targets with child-focused Sustainable Development Goal targets

Ambition

Reaffirm the level of ambition expressed in the Strategic Plan 2022–2025 and reinforce the strategic shifts

Learning

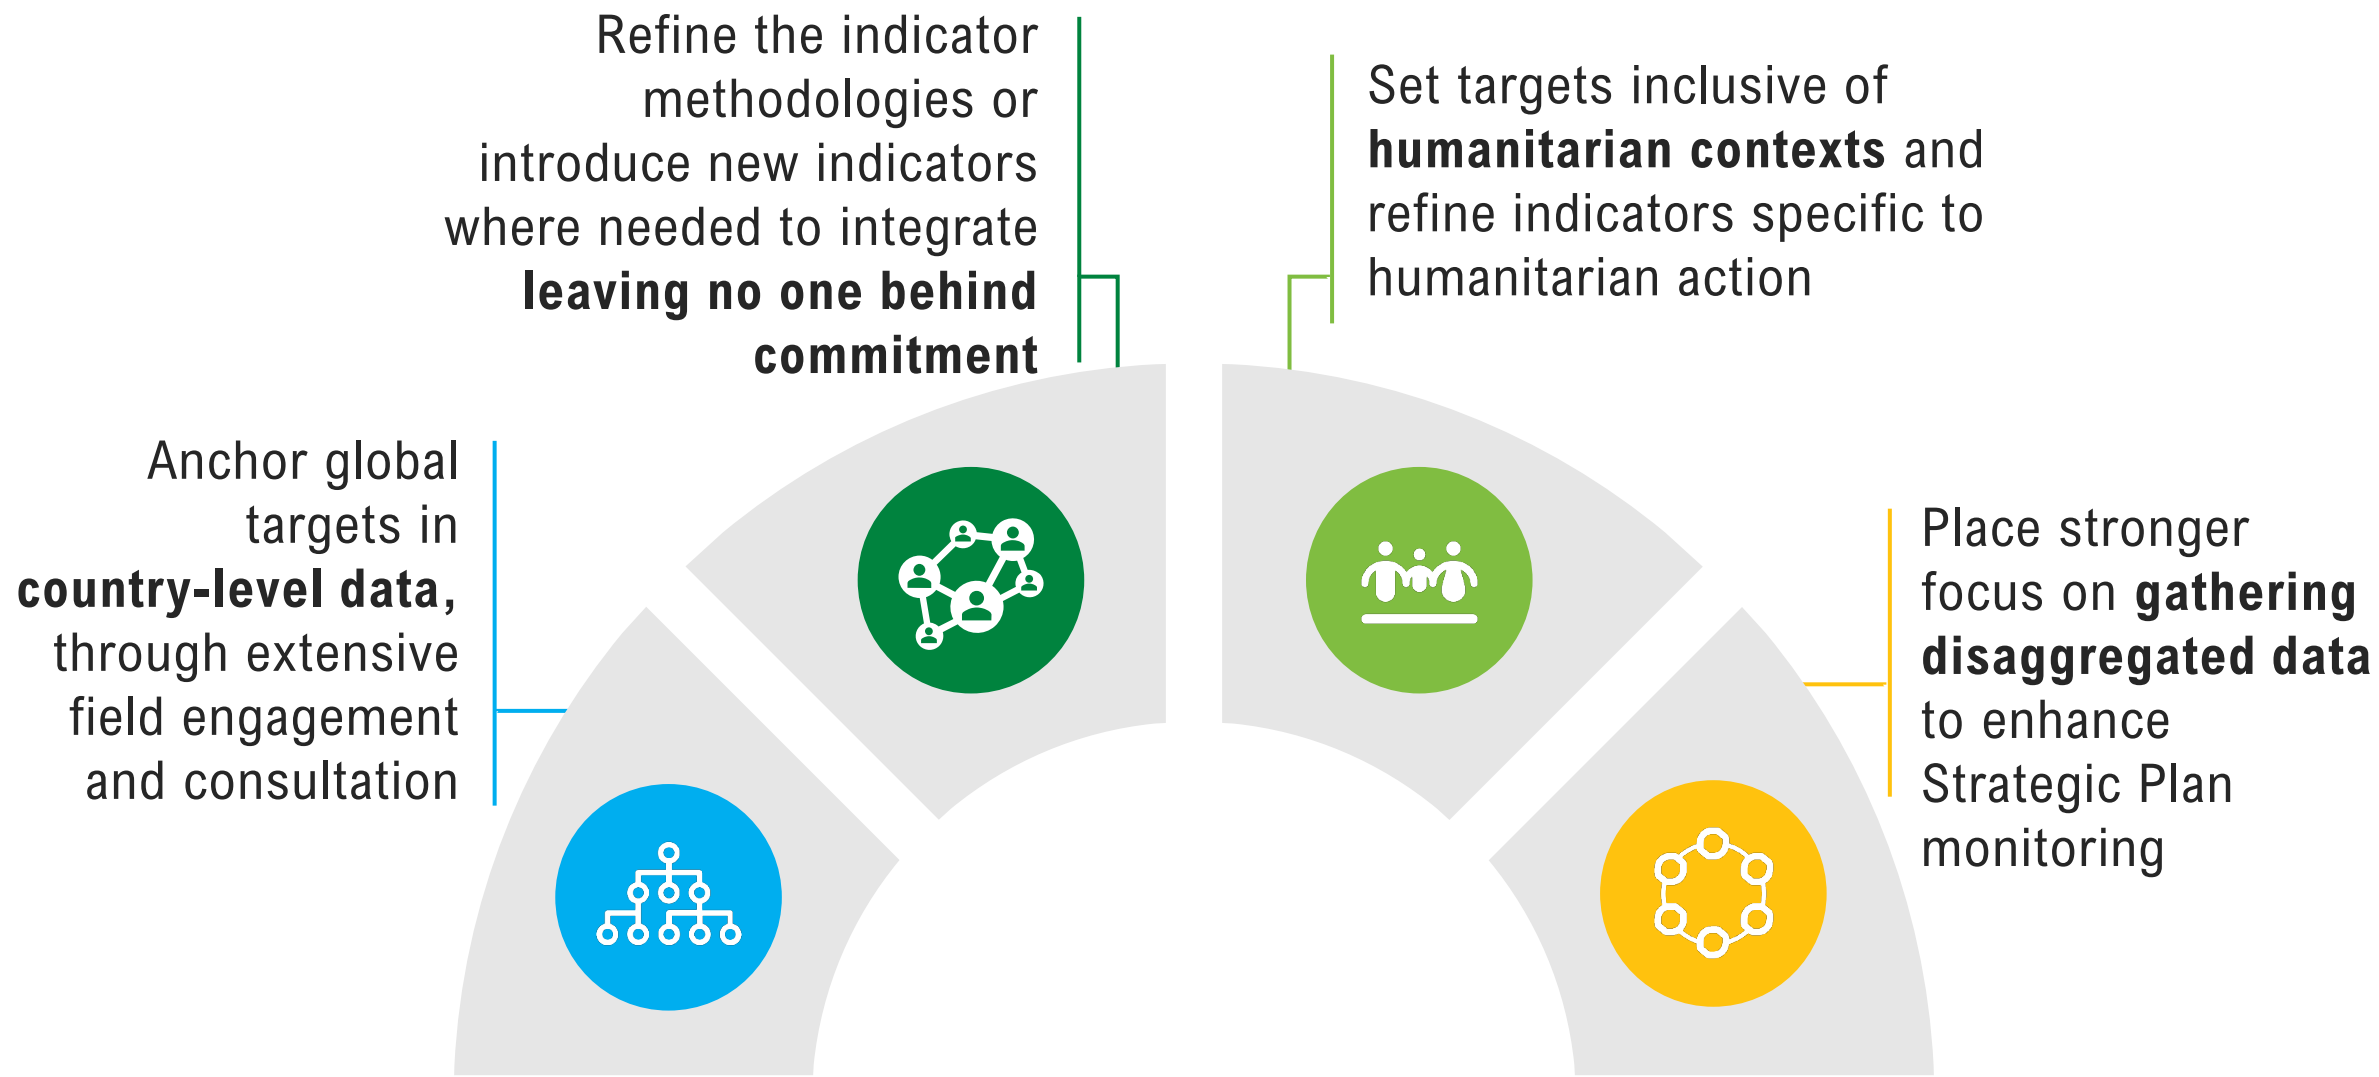

Incorporate the Strategic Plan 2018–2021 evaluation findings and management responses

Continuity

Ensure continuity of indicators across Strategic Plan cycles for monitoring progress towards 2030

Key Considerations in Target Setting

Goal Area 1: Every child, including adolescents, survives and thrives, with access to nutritious diets, quality primary health care, nurturing practices and essential supplies.

Strengthening **primary health care systems** in **125 countries**

Reaching a minimum of **50 million children** annually with life-saving **measles vaccination**

Supporting the integration and roll-out of **innovative HIV diagnostic platforms** in primary health care in **72 countries**

Supporting the **integration of adolescent health priorities**, including sexual and reproductive health, in primary health care services or through school and digital platforms in **42 countries**

Supporting the integration of **early childhood development in primary health care** in **86 countries**

Supporting the integration of **mental health services** in primary health care in **70 countries**

Goal Area 1: Every child, including adolescents, survives and thrives, with access to nutritious diets, quality primary health care, nurturing practices and essential supplies.

At least **300 million children under 5 years old** to be reached with programmes for **prevention of stunting, wasting, micronutrient deficiencies and/or overweight and obesity**

At least **200 million children under 5 years old** to be reached with services for the **early detection and treatment of severe wasting** and other forms of severe acute malnutrition

At least **100 million children and adolescents** between 5 and 19 years of age to be reached with gender-responsive programmes for the **prevention of anaemia and all forms of malnutrition**

Goal Area 2: Every child, including adolescents, learns and acquires skills for the future.

Reaching a total of **114.1 million out-of-school children and adolescents** with access to education and **148.6 million children** with access to education through **digital platforms**

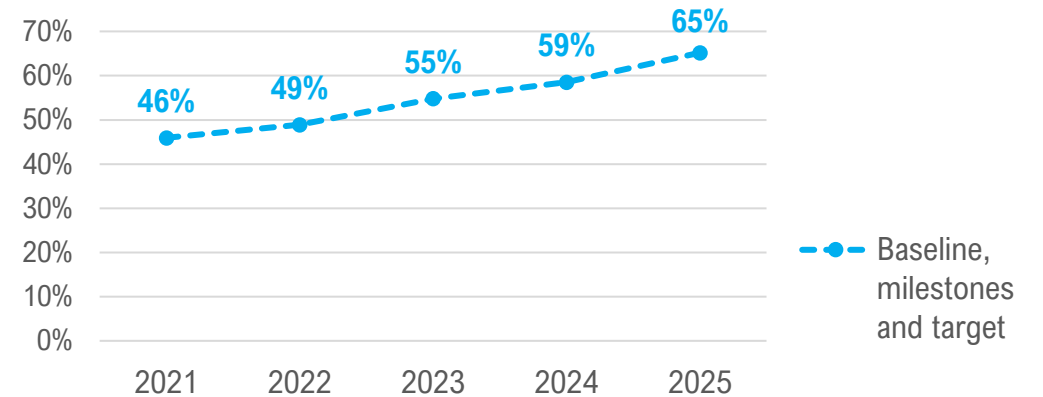

Ensuring **65% of countries** supported have **inclusive and gender-equitable system** for access to learning opportunities

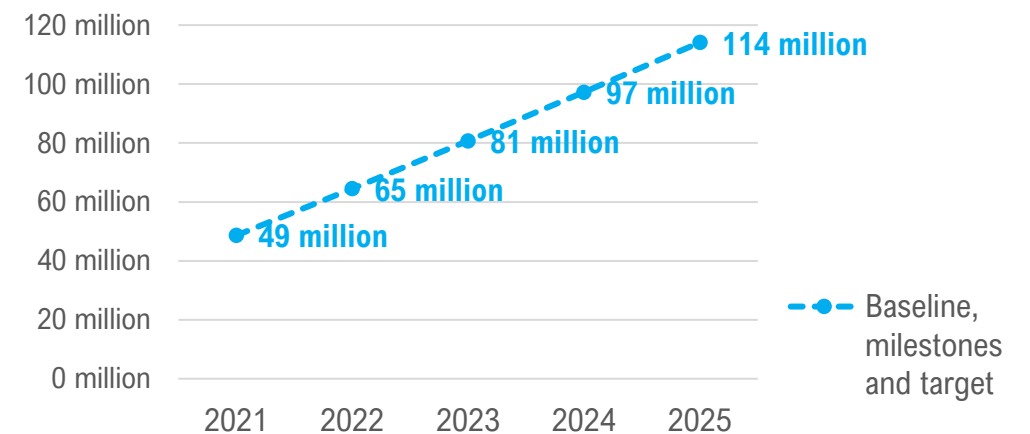

Ensuring **67% of countries** supported have **effective learning assessment system**

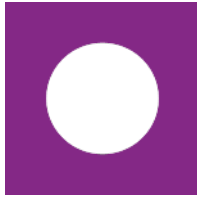

Engaging **25.3 million adolescents and young people** on **civic engagement initiatives**

2.1.1. Percentage of countries with inclusive and gender-equitable system for access to learning opportunities

2.1.4. Number of out-of-school children and adolescents who accessed education through UNICEF-supported programmes

Goal Area 3: Every child, including adolescents, is protected from violence, exploitation, abuse, neglect and harmful practices.

Reaching **6.6 million** children experiencing violence, exploitation, abuse and neglect with **health, social work or justice/law enforcement services**, an increase from 2.5 million in 2017

Supporting the **legislative and policy frameworks** for ending corporal punishment of children in **57 countries**; child sexual exploitation and abuse in **44 countries**; and the worst forms of child labour in **69 countries**.

Measuring, for the first time, the **maturity of child protection systems**, in line with UNICEF Child Protection Strategy 2021–2030

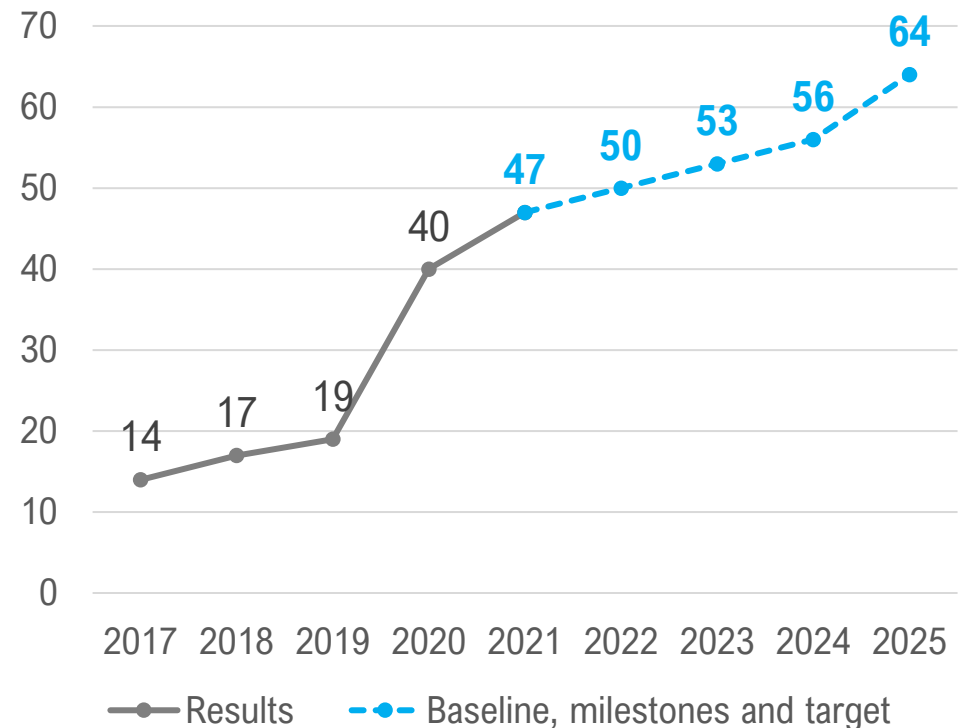

Integrating **free and universal birth registration service** within civil registration and vital statistics in **64 countries**, an increase from 14 in 2017

Reaching **17.4 million adolescent girls** with **prevention and care interventions to address child marriage**, from 2.1 million in 2017

3.2.5. Number of countries that have in place a free and universal birth registration service within civil registration and vital statistics, in accordance with international standards and best practices

Updates on SP 2022–2025 IRRF

- ● ● Goal Area 4: Every child, including adolescents, has access to safe and equitable water, sanitation and hygiene services and supplies, and lives in a safe and sustainable climate and environment.

Reaching **50 million people** with at least **basic water, basic sanitation, basic hygiene**, respectively

Addressing the **menstrual health and hygiene** needs of at least **40 million women and adolescent girls**

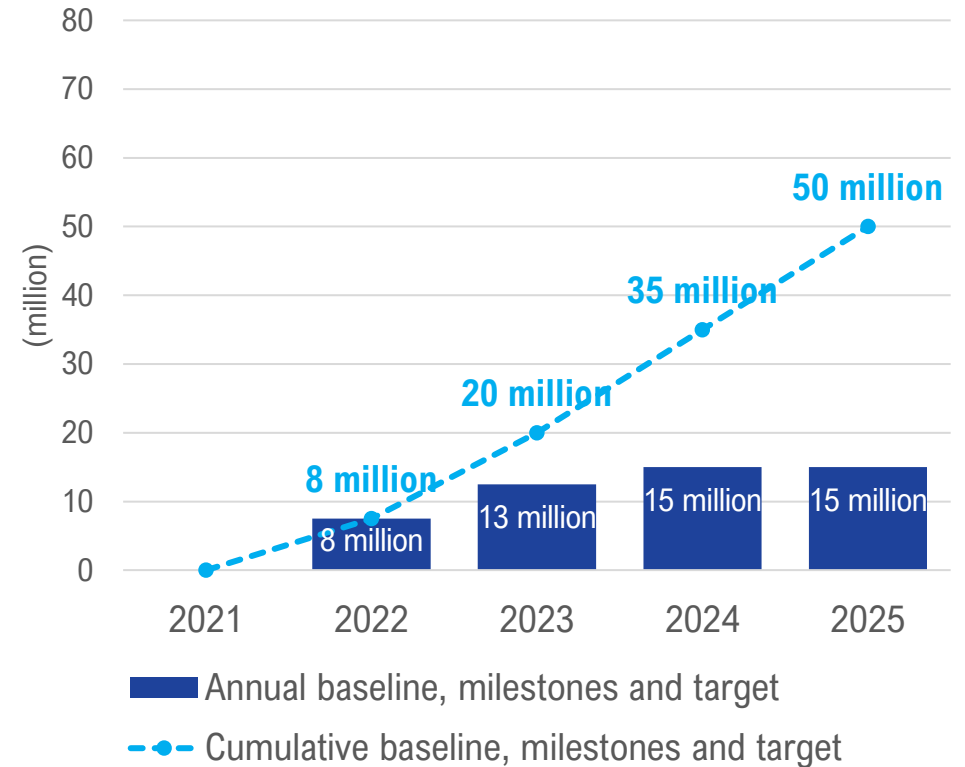

Working with **60 countries** for an increase in **WASH sector financing**

Supporting **50 countries** to develop **climate rationale** on impact of climate change and water scarcity on WASH services

Supporting **100 countries** to implement **child-sensitive programmes** for climate and disaster resilience and environmental sustainability

4.1.2. Number of people reached with at least basic water that is safe and available when needed, through UNICEF-supported programmes

Goal Area 5: Every child, including adolescents, has access to inclusive social protection and lives free from poverty.

Building capacity on **child poverty measurement** so that analysis and policy advocacy can lead to policies and programmes for child poverty reduction in **69 countries by 2030**, from 19 in 2017

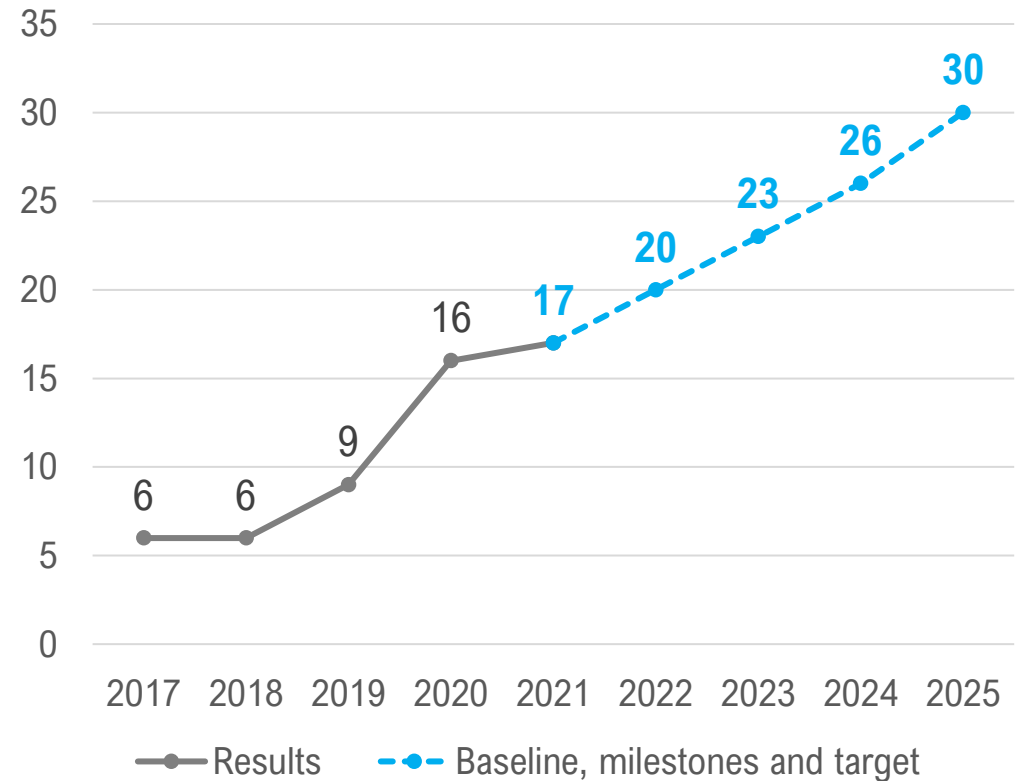

Supporting care work through **family-friendly policies** in **53 countries by 2030**, from 6 in 2020

Ensuring **social protection systems** are strong or moderately strong in **70 countries**; making the social protection systems of **30 countries** able to **respond to humanitarian crises**, from 6 in 2017

Scaling up **cash transfer programmes** to reach **181 million households** by 2025

5.2.4. Number of countries with social protection systems, including cash transfer capacities, that are able to effectively and rapidly respond to humanitarian crises

Change Strategies and Enablers

Enhancing the **preparedness, risk-informed programming, conflict-sensitive programming** and **accountability to affected populations**, so that **90%, 70%, 44% and 65% of country offices**, respectively, meet organizational benchmarks

Scaling up the **implementation of UNICEF Gender Action Plan**, so that **43%** of offices meet organizational standards

Establishing a system to **prevent and respond to sexual exploitation and abuse** in at least **90% of country offices**

Supporting the implementation of recommendations issued by the **Committee on the Rights of the Child** in **98% of country offices**

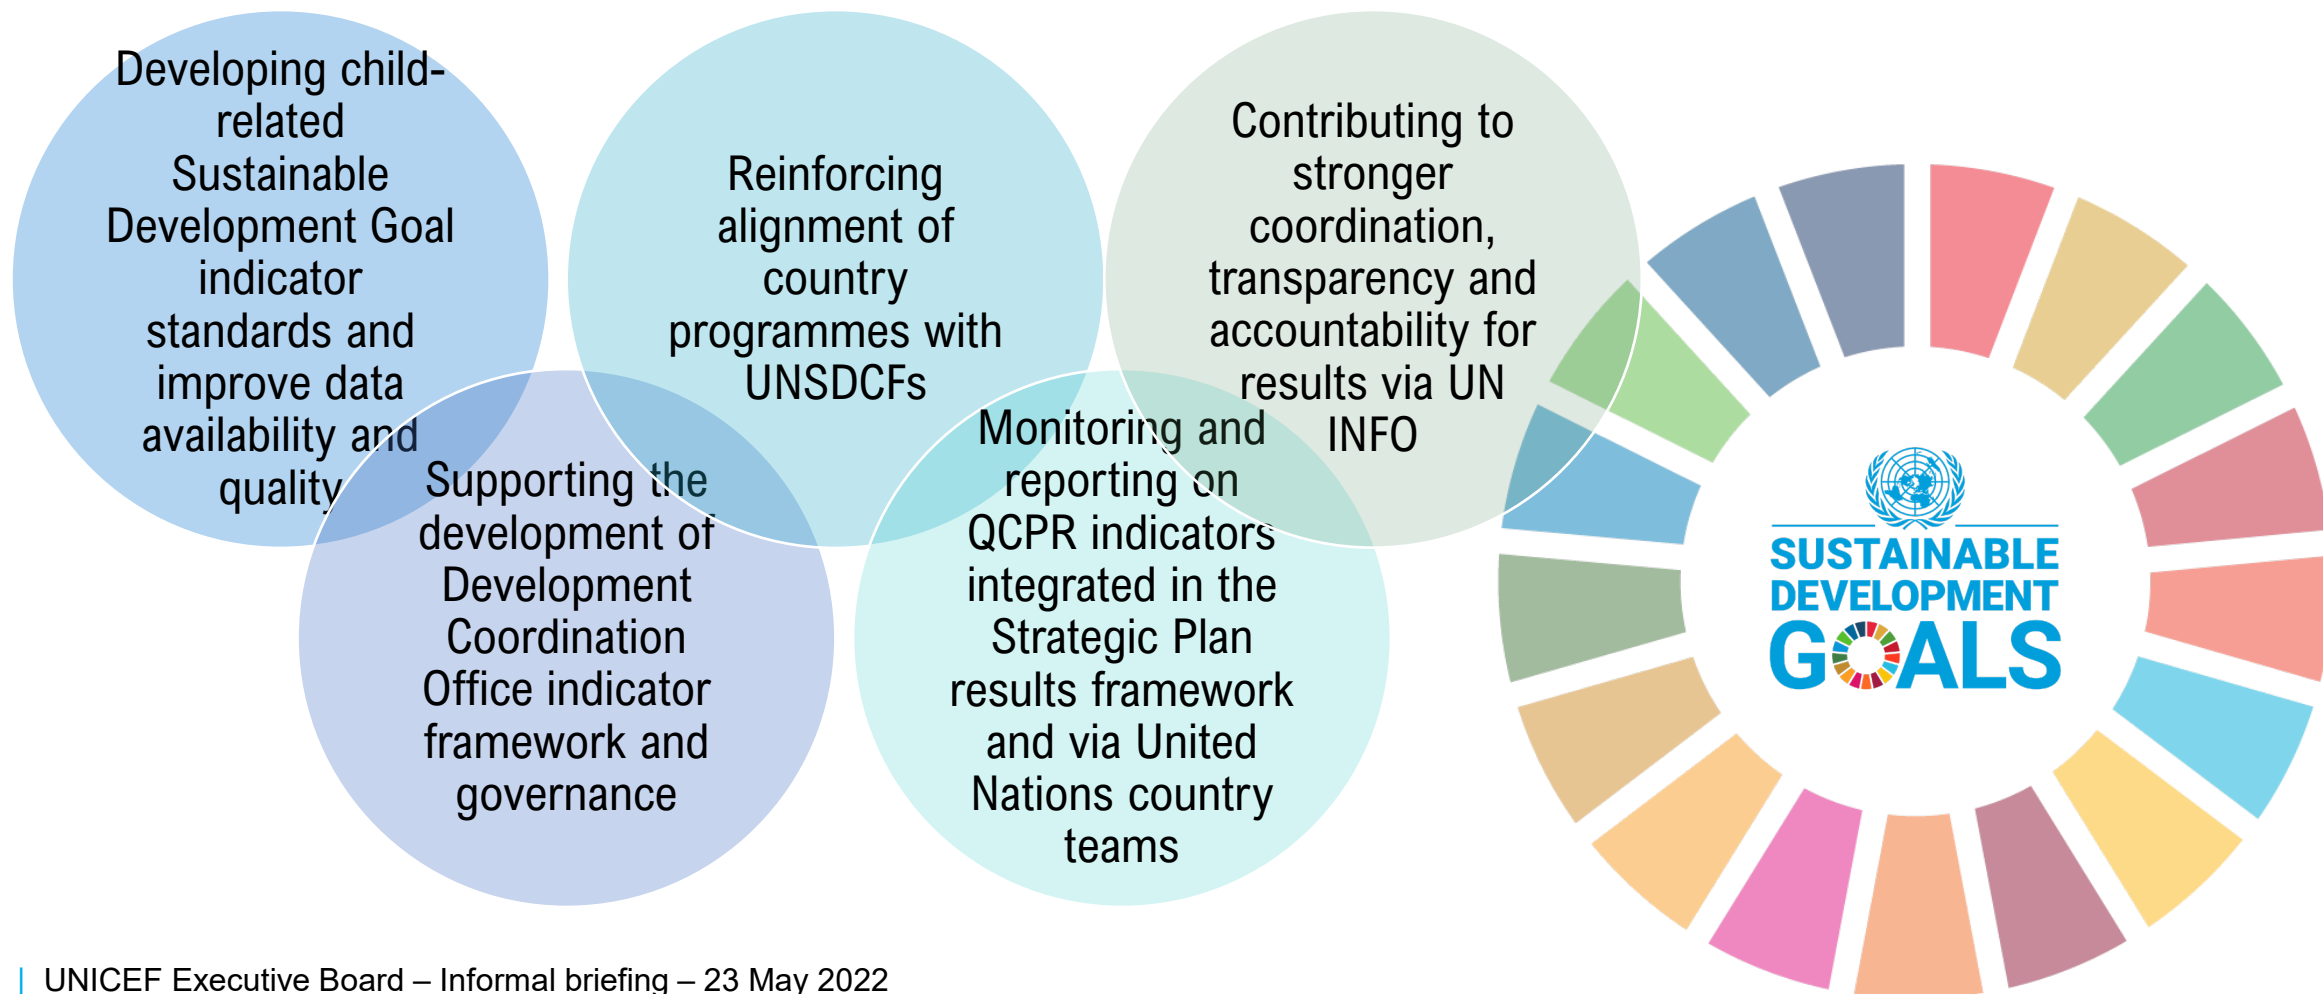

Ensuring **97% of country offices** support Governments to improve the **availability and quality of child-related Sustainable Development Goal indicators**

Further enhancing **gender parity** of staff across all categories and ensuring **95% of senior leaders** are trained on **diversity, equity and inclusion**

Working with the United Nations system

Shift to a system-wide approach, focusing on measuring and reporting on the United Nations system's efforts and UNICEF contribution

Thank you.
