West and Central Africa: a diverse region

Gabon

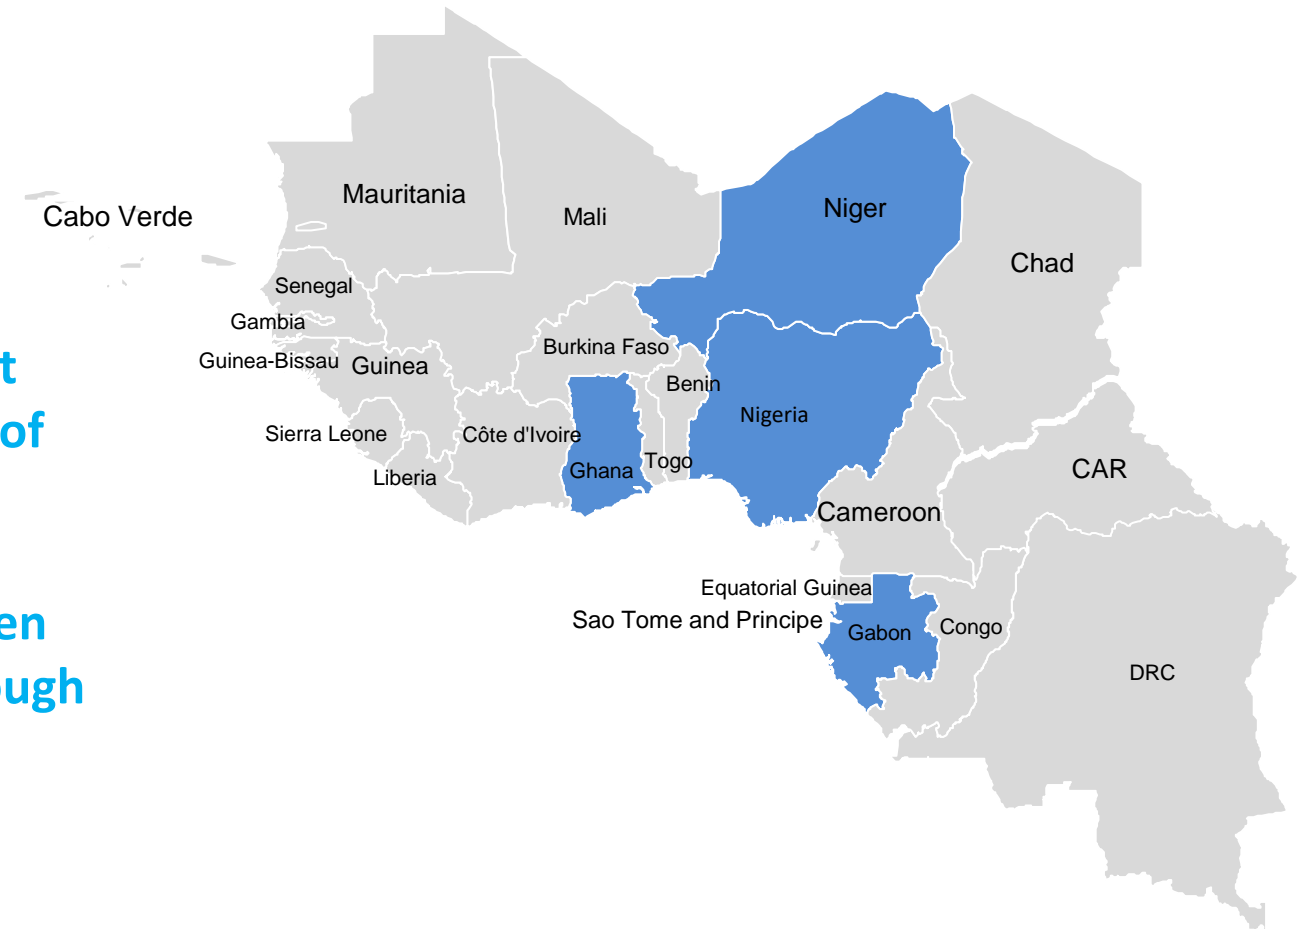

Ghana

Niger

Nigeria

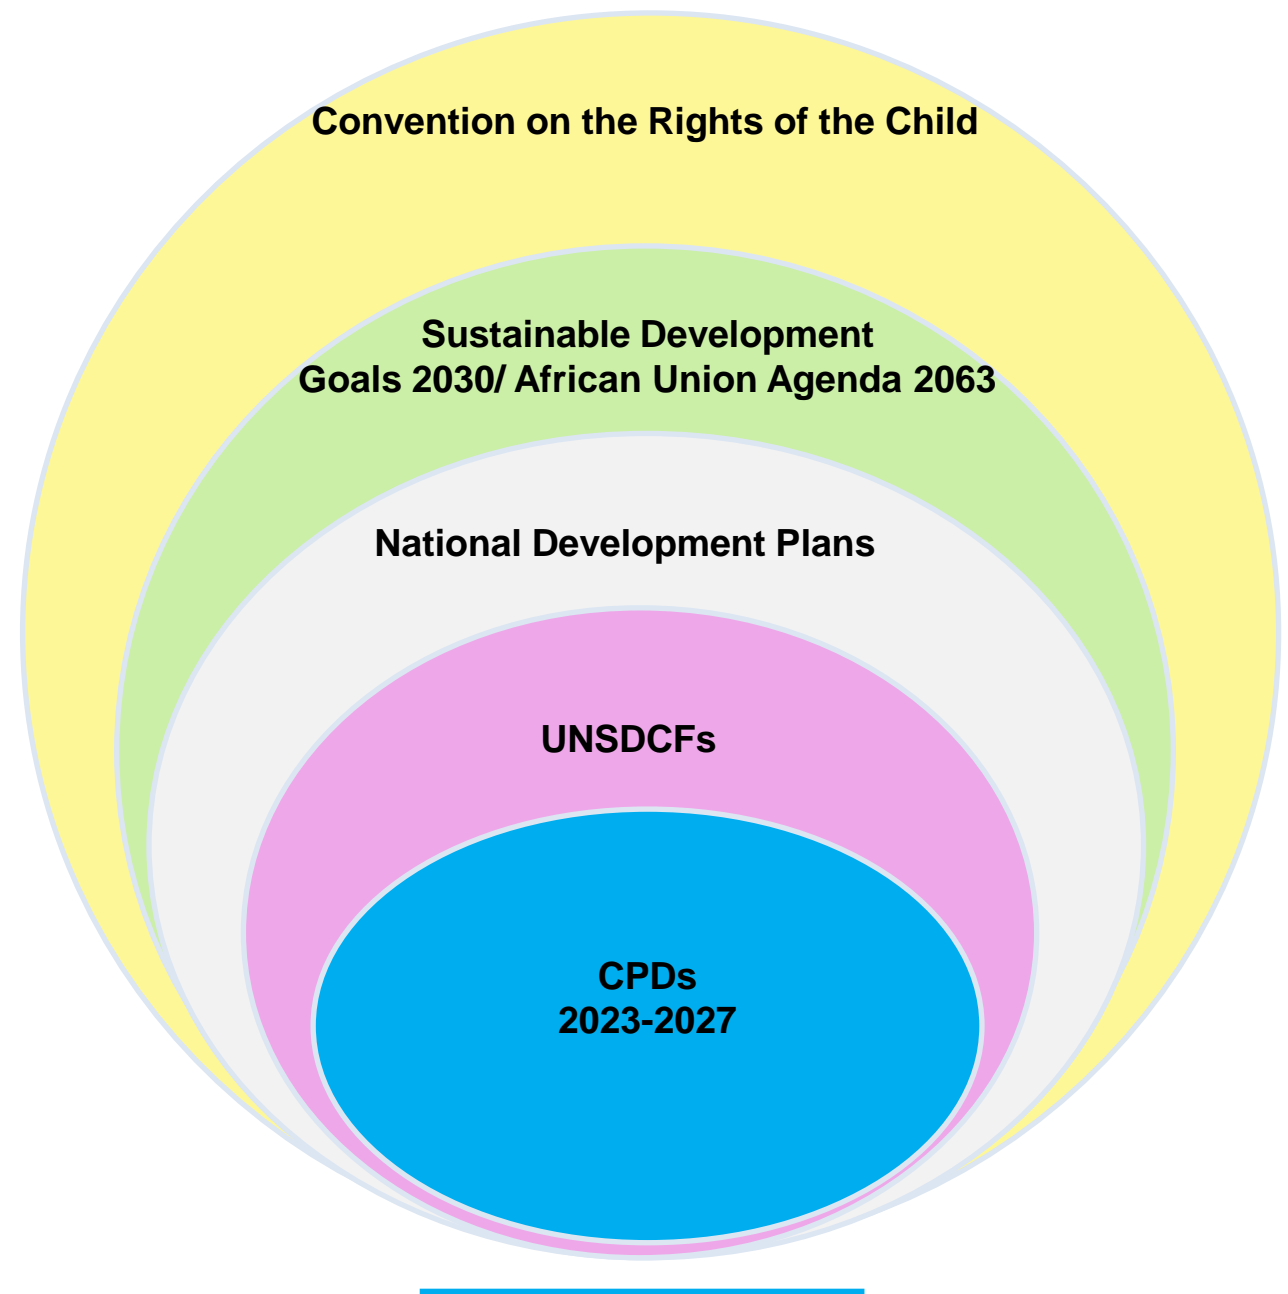

- Four countries of different sizes, income levels, status of child rights indicators

- Pursuing results for children and building resilience through a multi-sectoral approach

This map does not reflect a position by UNICEF on the legal status of any country or territory or the delimitation of any frontiers

All four Draft Country Programmes are derived from respective UNSDCFs, are aligned to National Development Plans, and contribute to continental and global agendas and the implementation of the Convention on the Rights of the Child.
