

U.S. Remarks at UNICEF First Regular Session 2023

Agenda Item 9: Evaluability Assessment/Evaluation of UNICEF Positioning on Strategic Plan

- The United States thanks UNICEF for the comprehensive and illuminating evaluation and the management response.
- We applaud UNICEF's efforts to thoroughly assess and identify concrete actions needed to ensure it has the critical technical and strategic elements needed for successful deliver on the current Strategic Plan.
- What metrics will be used to determine the appropriate number of the target groups engaged in these efforts?
- We support UNICEF's plan to accelerate work to connect and make data available in real time, bringing the power of data innovations and open data to enhance both knowledge-informed programming and integrated policy support.
- What is the timeframe for these data-driven systems to be fully operationalized?
