4 May 2026

Dear Mr. Legins,

I am pleased to acknowledge that UNICEF Thailand has been actively engaged in the preparation of the next United Nations strategic cycle, including the Common Country Analysis, and strategic prioritization within the UN Sustainable Development Cooperation Framework 2027–2031.

The Cooperation Framework outlines three outcomes focused on advancing human capabilities and resilience, promoting a just and green transition, and strengthening inclusive and accountable governance.

I am pleased to confirm that the UNICEF Country Programme Document is aligned with, and will contribute to, the relevant outcomes of the Cooperation Framework.

UNICEF is well recognized by the Government and partners for its sustained support to Thailand, particularly in advancing child rights and inclusive development.

I wish UNICEF every success in finalizing and implementing its Country Programme Document, and in continuing to work collaboratively with the United Nations system in support of Thailand's development priorities.

Yours sincerely,

A handwritten signature in blue ink, appearing to read "Michaela Friberg-Storey", with a long, sweeping flourish extending to the right.

Michaela Friberg-Storey  
UN Resident Coordinator in Thailand

Mr. Ken Legins  
Representative
