## **2009/18 Annual report on the evaluation function and major evaluations in UNICEF**

### *The Executive Board*

1. *Recalls* that the mandate of the evaluation function is to evaluate the effectiveness and efficiency of UNICEF programmes and results (paragraph 1 of decision 2008/22) and thereby the level of implementation of the medium-term strategic plan;

2. *Takes note* of the annual report on the evaluation function and major evaluations in UNICEF (E/ICEF/2009/19);

3. *Emphasizes* that programme countries should have greater ownership and leadership in the evaluation of all forms of assistance, *underlines* the importance of increasing the participation of national counterparts and strengthening national capacity in the evaluation and follow-up of UNICEF country programmes, and encourages UNICEF to use national evaluation systems, where available, to continue to incorporate capacity-building mechanisms into programme design and implementation and to ensure that evaluations are responsive to national demand;

4. *Calls upon* UNICEF to continue to conduct evaluations of operations at the country level in close consultation with national Governments, and to assist Governments in the development of national evaluation capacities;

5. *Calls upon* UNICEF to better define the relationship between the Evaluation Office and the Regional Offices;

6. *Requests* UNICEF to safeguard the quality, impartiality and independence of the evaluation function and evaluations performed in UNICEF;

7. *Requests* UNICEF to continue to review the funding of evaluation and allocate sufficient resources for project, programme and thematic evaluations;

8. *Urges* UNICEF to take swift action in order to roll out guidelines, training and tools, with the purpose of improving management response, which has been observed as a weakness by the Office of Internal Audit;

9. *Requests* UNICEF to report back to the Executive Board, in its annual report on the evaluation function at the second regular session in 2010, on measures taken to address these findings as well as additional steps to further improve the evaluation function;

10. *Notes* that prioritization of evaluations and research activities at field level remains a weakness of UNICEF, and, in this regard, *recalls* decision 2008/22 and *requests* UNICEF to report back to the Executive Board in its annual report on the evaluation function at the second regular session in 2010 on concrete steps taken to address this issue;

11. *Notes* with concern the weakness of UNICEF in fulfilling the mandate given by the evaluation policy to ensure that all evaluations have management responses, and, in this regard, *requests* UNICEF to take concrete steps to address this issue and to report back to the Executive Board in its annual report on the evaluation function at the second regular session in 2010 on this matter;

12. *Requests* that UNICEF include for information in its annual report on the evaluation function, starting at the second regular session in 2010, a description of the major planned corporate and thematic evaluations for the subsequent year;

13. *Urges* UNICEF to include in its annual report on the evaluation function, starting at the second regular session in 2010, information on the number of management responses in comparison with conducted evaluations as well as the number of evaluations disaggregated by the type of evaluation, by regions/countries, by themes and by sources of funding.

*Second regular session  
16 September 2009*

## **2009/19**

### **Annual report on internal audit**

#### *The Executive Board*

1. *Takes note* of the annual report to the Executive Board on internal audit activities in 2008 (E/ICEF/2009/AB/L.6) and the UNICEF management response to the annual report of the Office of Internal Audit for 2008 (E/ICEF/2009/AB/L.7);

2. *Welcomes* the decrease in the number of risk observations in country offices between 2005 and 2008 and the decrease in the percentage of country offices with unsatisfactory ratings for cash transfers to implementing partners and supply assistance in 2008, due in part to a general strengthening of risk management in UNICEF;

3. *Notes* with concern that 33 per cent of the previously implemented recommendations were not sustained, opening the organization to serious risks, mainly in the areas of programme management, cash transfer or supply assistance;

4. *Requests* that UNICEF management as a matter of urgency address the follow-up and implementation of internal audit observations and audit recommendations, especially in high-risk areas, taking into account, as appropriate, the analysis of underlying causes contained in the report;

5. *Calls upon* UNICEF management to address systemic weaknesses within the organization, particularly in the areas of financial controls, programme management, cash transfers, and procurement and asset management, where unsatisfactory ratings are high;

6. *Requests* UNICEF management to report in 2010 on progress in implementing improvement initiatives to strengthen risk management and controls in its governance, accountabilities, oversight, guidance, support and performance in response to the results from the headquarters, thematic and system audits completed in 2008, in conjunction with the annual report on internal audit at the second regular session;

7. *Calls upon* UNICEF to present its management response to the annual report on internal audit as an official document for consideration by the Executive Board.

*Second regular session*  
*16 September 2009*

#### *The Executive Board*

1. *Takes note* of the functions, management results, indicators and resource requirements in the report on the biennial support budget as contained in document E/ICEF/2009/AB/L.4, including the outcome of the midterm review of the medium-term strategic plan (E/ICEF/2008/19);

2. *Takes note* of the recommendations of the Advisory Committee on Administrative and Budgetary Questions, as contained in document E/ICEF/2009/AB/L.8;

3. *Requests* UNICEF to further improve the indicators of the biennial support budget, 2010-2011, in order to make them more specific and measurable, and, in that regard, to revise and improve relevant indicators by the first regular session 2010, through the submission, for information, of an update of the results matrix;

4. *Approves* gross resources in the amount of \$975.0 million representing the total biennial support budget for 2010-2011 and notes that the income estimates of \$246.6 million will be used to offset the gross appropriation, resulting in an estimated “net” appropriation of \$728.4 million;

5. *Resolves* that the appropriated amount be used to achieve the results specified in the functions as presented in document E/ICEF/2009/AB/L.4;

6. *Approves* the amount of \$31.2 million from regular resources for covering the United Nations-mandated centrally shared security costs and business continuity, and *approves* an extension to the time period available for expenditure of the funds allocated for additional United Nations-mandated security measures for UNICEF personnel and premises (Executive Board decision 2008/21) from the 2008-2009 biennium to the 2010-2011 biennium;

7. *Requests* the Executive Director to continue to improve the method of budgeting in collaboration with the United Nations Development Programme (UNDP) and the United Nations Population Fund (UNFPA), with a view to presentation by each organization of a single, integrated budget that includes all the budgetary categories of UNICEF to complement the next strategic plan and, in that regard, *requests* a joint preliminary briefing note on steps taken and progress achieved at the second regular session 2011, and a joint report at the annual session 2012;

8. *Also requests* the Executive Director to collaborate with UNDP and UNFPA towards greater harmonization in the UNICEF biennial support budget, 2012-2013, and, at the second regular session 2010, to submit a joint report on:

(a) improved results focus and enhanced linkages with the management results of the strategic plan; and

(b) further harmonized budget methodologies, including the attribution of costs between programme and support budgets, and determine a common method for the treatment of similar cost items across and within respective budgets and funding frameworks, taking into account the differences in the business models of UNDP, UNFPA and UNICEF;

9. *Further requests* the Executive Director to improve the UNICEF biennial support budget, 2012-2013, as a step towards a single, integrated budget for UNICEF, by:

(a) improving the linkages between resources and results;

(b) providing summary explanations of any proposed budgetary changes and their attribution to volume and to nominal and statutory changes; and

(c) providing information on cost recovery by describing how projected cost recoveries from extrabudgetary resources are calculated, including updated information on UNICEF variable indirect costs to allow for appropriate analysis of the cost-recovery rate;

10. *Stresses* the need to provide information on actual financial performance in the reporting on the annual financial review in a format similar to that of the resource plan in the biennial support budget;

11. *Emphasizes* the need for consultation with Executive Board members in making improvements to the UNICEF biennial support budget, 2012-2013, and to the single, integrated budget for each organization beginning in 2014, and, in that regard, *requests* UNICEF, in collaboration with UNDP and UNFPA, to present, for information, a note outlining a 'road map' to achieve the objectives outlined in the present decision at the first regular session 2010.

2. *Approves* the framework of planned financial estimates for 2009-2012 and *approves* the preparation of programme expenditure submissions to the Executive Board of up to \$798 million from regular resources in 2010, subject to the availability of resources and the continued validity of these planned financial estimates;

3. *Approves* the suspension of the annual transfer of \$30 million to the after-service health insurance reserve for 2009 and emphasizes the need to strive to continue to meet programme expenditure levels approved by the Executive Board, and requests UNICEF to continue making annual transfers to the after-service health insurance reserve, as per decision 2008/20, beginning with the 2009 financial accounts, if end-of-year unexpended balances from regular resources so permit.
