

Costed evaluation plan – Haiti – UNICEF country programme of cooperation, 2017–2021

The table draws from the Integrated Monitoring and Evaluation Plan to cover present evaluations planned for the duration of the programme cycle. Additional guidance on financial resources for evaluation are outlined in the revised Evaluation Policy ([E/ICEF/2013/14](#)).

| <i>Evaluation title</i> | <i>UNDAF (or equivalent) outcome</i> | <i>UNICEF Strategic Plan outcome</i> | <i>Criteria used for selection</i> | <i>Intended use of evaluation findings</i> | <i>Expected start date</i> | <i>Anticipated cost and provisional source of funding (regular resources (RR), other resources (OR)) in United States dollars</i> |
|---|--|--------------------------------------|---|--|----------------------------|---|
| Evaluation of the violence prevention programme in Cité Soleil and Martissant | Outcome 3: Public institutions adopt and implement equity policies, preventive, recovery and protection measures against violence and discrimination based on human rights, for the benefit of vulnerable groups | Child protection | Long period of unevaluated programme implementation: Programme running for seven years in critical peri-urban areas | Inform programming strategy and decision-making on policies. Contribute to learning and knowledge-sharing on violence prevention programming strategies. | March 2017 | 35 000 (OR) |
| Evaluation of the family visits programme (Jamaica model) | Same as above | Child protection | New programme area/ programme scale-up | Assess implementation and replicability. Long period of implementation without evaluation. | March 2017 June 2020 | 80 000 (OR) |
| Evaluation of the water, sanitation and hygiene (WASH) programme in Artibonite and Centre departments | Outcome 2: The population, particularly vulnerable groups, have better and more equitable access to and use of quality social services, including education and health for all | Health, WASH and education | End of programme; evaluation and significant financial investment | Enhance UNICEF accountability to key stakeholders and contribute to learning, knowledge-sharing and intersectoral approach to WASH and other development outcomes, including education and health. | 2019 | 100 000 (OR and RR) |
| Evaluation of cholera interventions | Same as above | WASH | Responding to major humanitarian emergencies | Enhance UNICEF accountability to key stakeholders and contribute to learning and knowledge on cholera. Look into transition strategies to ensure the sustainability of cholera response in national health systems. | 2019 | 100 000 (OR) |
