

IN 2024, ARMED VIOLENCE, INSECURITY AND DISPLACEMENT IN HAITI HAVE RESULTED IN:

## OUR SUPPORT, FOR EVERY CHILD

### ... protection

**A handover protocol for children associated with armed groups** was signed and a transit centre for their reintegration established.

**Over 360,000 people** were informed on the prevention of sexual exploitation and abuse across the country and **32 mobile safe spaces** were established to prevent and respond to GBV in the Ouest department.

**1,000 children** deported from the Dominican Republic were reunited with their families.

**115,500 children** received mental health and psychosocial support.

### ... health

**Almost 350,000 children and women** received an integrated package of health interventions **384 health professionals** were deployed across 105 institutions, providing care to almost 45,000 beneficiaries.

**Almost 76,000 people** accessed health care services through mobile clinics in the metropolitan area of Port-au-Prince.

**5 health institutions and 2 neonatology units** were rehabilitated.

### ... water, sanitation and hygiene

**Over 260,000 people** across the country received water.

**At least 57,000 people** gained access to sustainable drinking water in priority communities across the Artibonite, Centre and South departments.

**Almost 95,000 individuals** benefited from proper sanitation, two thirds of whom were in displacement sites.

**139 inclusive latrines** were constructed in 17 communities, ensuring access for people with disabilities.

### ... nutrition

**A 2024–2029 multisectoral nutrition plan** and a new acute malnutrition management protocol were adopted.

**The first** Integrated Food Security Phase Classification Acute Malnutrition Analysis was conducted.

**Almost 93,000 children** were treated for moderate and severe malnutrition.

**Almost 300,000 children** received vitamin A supplements.

### ... education

**Preschools** were positioned as a national priority and focus of the Minister of Education through the first ever National Conference on Preschool Education.

**Almost 123,000 students** were enrolled into education through UNICEF's Back-to-School initiatives.

**Almost 60,000 students** benefitted from catch-up classes.

### ... community engagement

**7.5 million people** were reached with messages on access to basic social services.

**450,000 people** benefited from information about vaccination, nutrition, breastfeeding, young child feeding, and prenatal consultations shared by U-Reporters.

**6,000 children** were vaccinated thanks to community awareness led by U-Reporters.

### ... cash assistance

**US\$ 4.9 million** were distributed to almost 30,000 families, reaching almost 70,000 people, including almost 17,000 children and 1,500 people with disabilities.

**11,355 children** received cash assistance in support of their education.
