

for every child

Taking responsibility

A close-up photograph of two young children of African descent outdoors. The child in the foreground is a girl with her hair in braids, wearing a white collared shirt and a dark blue vest. She is smiling slightly. Behind her, a boy in a tan shirt is also smiling. The background is a lush green field with some foliage.

The Effect of the
COVID-19
Pandemic on
Jamaican Children
Preliminary Results

Research Objectives

- The impact of the pandemic on children in Jamaica
- The capacity to respond to the situation

Sources

% of household that have been able to obey government measures to prevent COVID 19 spread

why were you not able to practice these measures?

ACCESS TO COVID 19 PREVENTION ITEMS

Question- In the last 7 days, has your household have enough items of the recommended items for prevention, cleansing and disinfection?

% of households without enough recommended items that don't have the selected items

Reasons why households do not have those items

What We Need

- **Strict bio-secure protocols in schools**
 - To keep children safe
 - To reassure parents
- **Financial support for families**
 - Specifically for nutritional support for children
- **Universal internet access for school children**
- **Flexible work and leave arrangements for workers**
- **Psychosocial support services for children and parents**
- **Stronger mechanisms to detect and report child abuse**
