Quantity and disaggregation level of data will increase progressively with the reinforcement of Monitoring & Reporting mechanisms at country level. With improved data collection, and as activities are initiated and scaled up, country results will be added progressively under the indicators. Multisectoral Need Assessments are ongoing in most neighbouring countries. The results may affect targets for key interventions.

Blue Dots*

Established

24 Bulgaria, Italy, Moldova Romania, Poland, Slovak Republic.

Planned

10 Bulgaria, Moldova, Poland, Romania, Slovak Republic.

* Blue Dots are established jointly by UNICEF and UNHCR in collaboration with local authorities and partners. They provide safe spaces in Ukraine's neighboring countries enabling access to cross sectoral services for children and families, identification, registration and connect to protection services for children traveling on their own. They also offer referral services for women, including for support on gender-based violence.
