

Humanitarian Response for Children Inside Ukraine

Factsheet No. 6 (June 3 - June 22)

Ukraine situation

Ukraine Programme Targets and Results for 2022¹

Results from previous reporting period

Increase during current reporting period

7.1 million
people currently internally displaced in Ukraine (IDP)

IOM Rapid Survey as of May 23 2022

3 million
children in need in Ukraine

UNICEF HAC as of April 11 2022

15.7 million
people in Need in Ukraine

UNICEF HAC as of April 11 2022

1.65 million
children targeted by UNICEF Response in Ukraine

UNICEF HAC as of June 20 2022

Health and Nutrition

children and women accessing primary health care in UNICEF-supported facilities

Target: 3,000,000 Total results: 2,195,369

Child Protection, Gender Based Violence and Prevention of Sexual Exploitation and Abuse

children and caregivers accessing mental health and psychosocial support

Target: 1,000,000 Total results: 919,784

women, girls and boys accessing GBV/VAC response interventions

Target: 100,000 Total results: 30,103²

Social Protection

of households reached with UNICEF funded multi-purpose humanitarian cash transfers

Target: 265,000 Total results: 24,764

Water, Sanitation and Hygiene

people accessing a sufficient quantity of safe water for drinking and domestic needs

Target: 3,570,000 Total results: 2,576,509

Education

children accessing formal or non-formal education, including early learning

Target: 800,000 Total results: 336,380 (113,437 boys and 216,051 girls)

children accessing psychosocial support, social and emotional learning, or life skills education

Target: 50,000 Total results: 24,078

¹ Updates on programme-related targets are collected and reported on a fortnightly basis, aligned with SitRep reporting. Factsheets thus reflect this fortnightly results reporting.

² This result does not include GBV risk mitigation and prevention across sectors.

as of June 17 2022

UNICEF Spilno Spots

UNICEF is leveraging its technical expertise to have **cross sectoral programming** in "Spilno Spots" that are being set up across Ukraine to support children affected by the war. **Spilno** means "together" in Ukrainian. A **Spilno spot** is a center for connecting children with child protection services (including mental health and psycho-social support), learning, first aid and referrals for additional health services, and registration for humanitarian cash assistance.

Highlights from UNICEF's emergency response in Ukraine

Humanitarian Cash Transfer (HCT)

Following the previous 5-fold increase, UNICEF Ukraine has measured consecutive staggering increases in HCT coverage. During the current reporting period, UNICEF measured a **4-fold increase in its programmatic effectiveness** for households reached with UNICEF funded multi-purpose humanitarian cash transfers from **6,523 households to 24,764**.

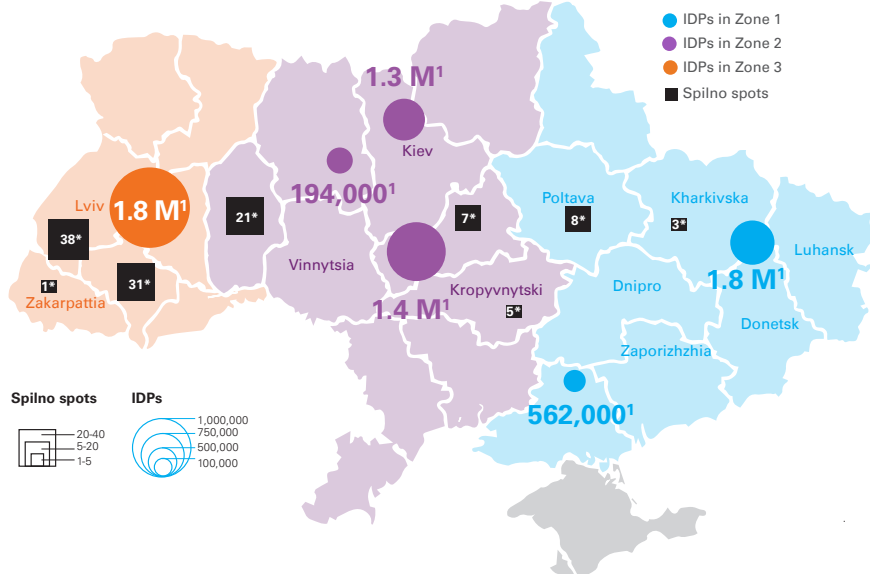

In total, within a period of 4 weeks, there was a **20-fold increase from 1,251 households to 24,764 households reached**.

Spilno spots

There are in total 200 operational Spilno spots and Spilno mobile services across the country, including indoor and outdoor formats. New locations have been agreed in a recent weeks in Zhytomyr region, and Odesa for further expansion of local partnerships.

150 Operational Spilno spots

50 Operational Mobile Spilno service

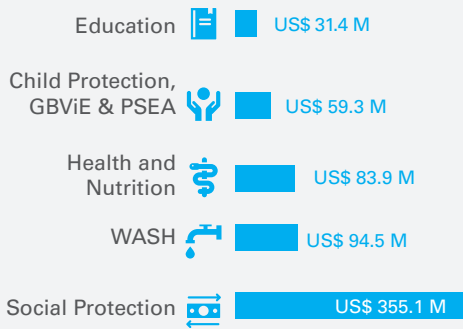

¹ The figures represent IDP variation estimates as per IOM's May 23 2022 survey.

*The figures are approximate estimates of Operational Spilno spots per oblast and do not include Mobile Spilno services. The precision of these figures will increase as UNICEF's monitoring and reporting mechanisms are put in place within newly-established Spilno spots.
