* **Source:** UNICEF analysis based on national representative data from civil registration and vital statistics data, nationally representative household survey data and data from the United Nations Department of Economic and Social Affairs Population Division, World Population Prospects 2019, United Nations, New York, 2019. Projections of cohort life expectancies are based on United Nations projections up to 2100, and further extensions up to 2130 using additional long term assumptions to extrapolate mortality trends by age. Life expectancy number for countries or territories listed individually are only those with 90,000 inhabitants or more in 2019.
