LEVEL OF SUPPORT FOR THE MEASURE OF WEARING MASKS INDOORS AND THE APPLICATION OF PREVENTIVE MEASURES FOR PROTECTION AGAINST CORONAVIRUS

Most citizens who support wearing masks indoors apply that measure themselves to a great extent and maintain the requested physical distancing from others, while almost all wash their hands more frequently. Furthermore, among those who support wearing masks indoors, three-fifths wear masks outdoors as well.

 **89%** 
of citizens support the use
of face masks indoors

Among citizens who support the use of face masks indoors, the following measures are applied by:

More frequent handwashing		99%
Wearing face masks indoors		92%
Talking to others from a distance of 1–3 m		84%
Wearing face masks outdoors		60%

To what extent do you support the use of following measures?

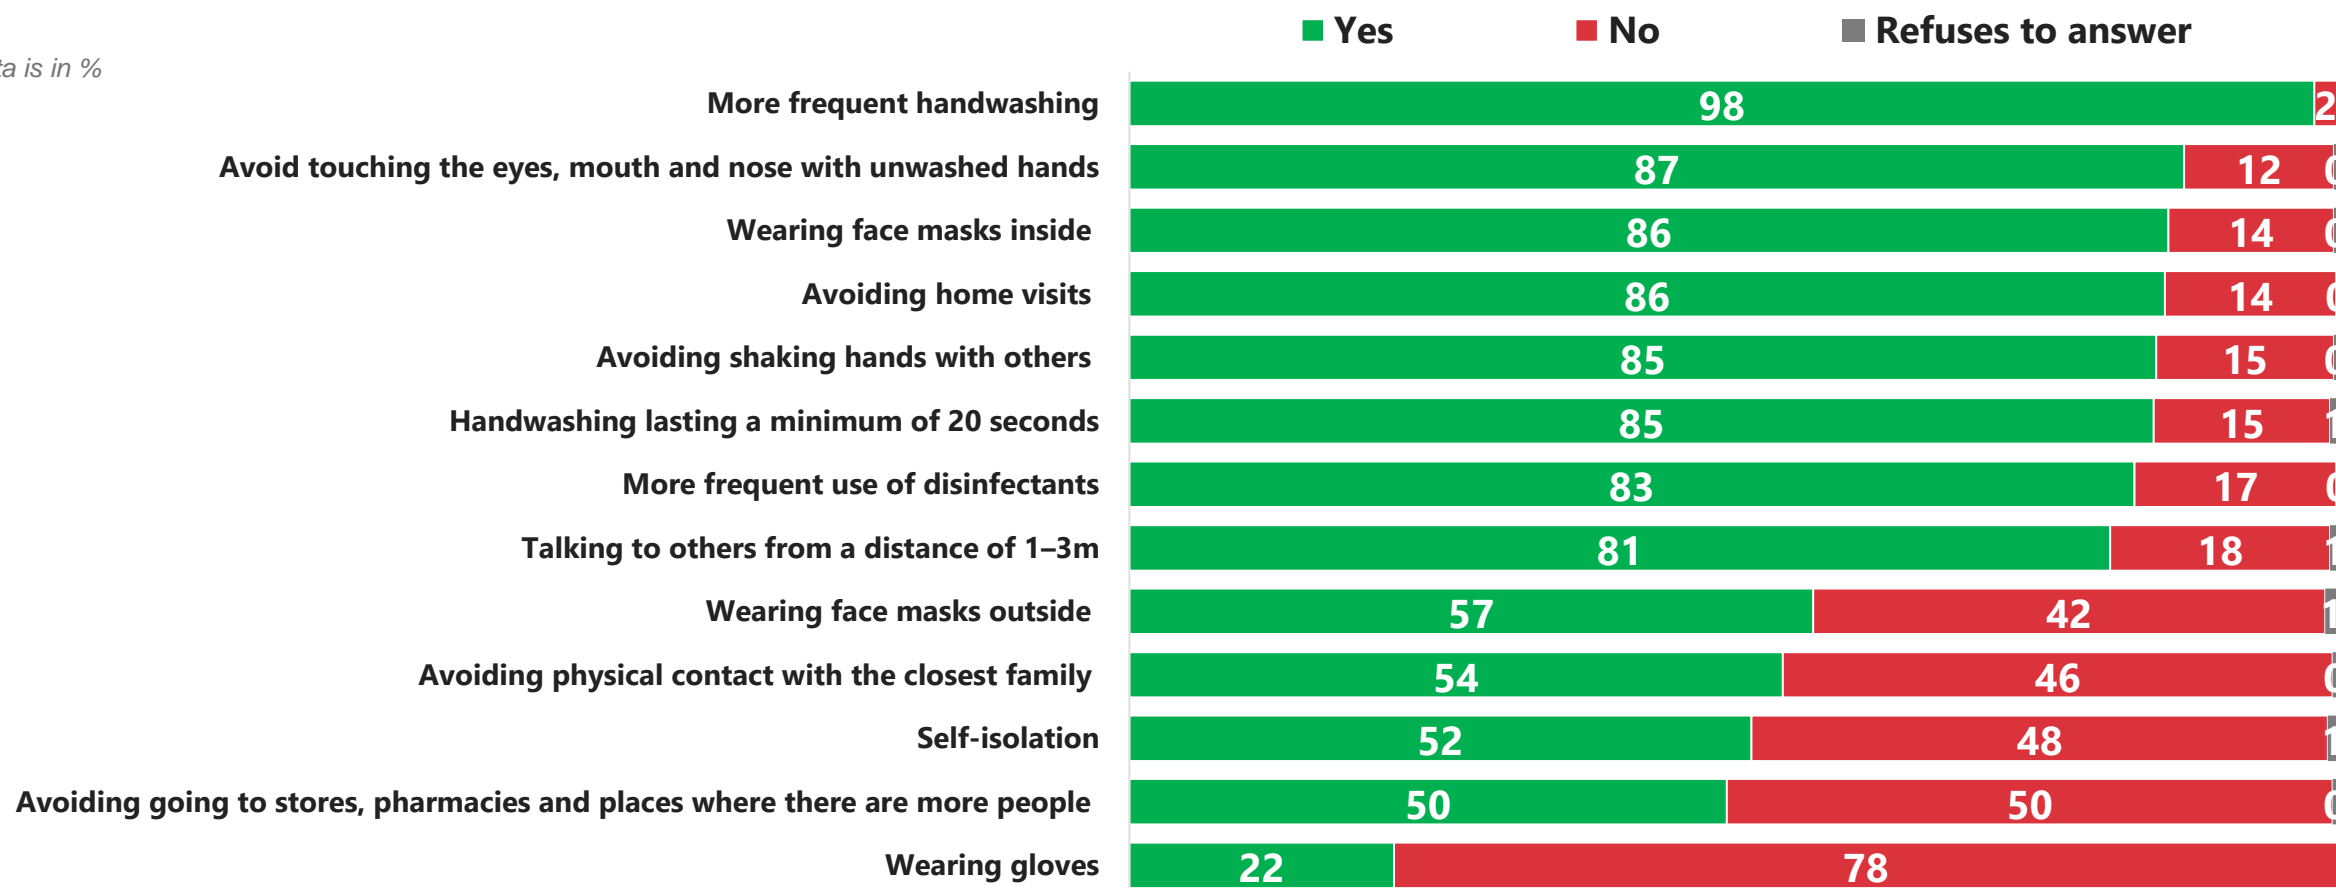

Can you tell me know which of the following measures you personally apply to protect against coronavirus, please respond with Yes or No.

Base: Those who support wearing masks indoors. N= 715 (89% of the total target population)

APPLICATION OF PREVENTIVE MEASURES AS A PROTECTION AGAINST CORONAVIRUS

Most citizens personally apply numerous preventive measures as a protection against coronavirus: primarily more frequent and longer handwashing and disinfection, avoiding touching the face with unwashed hands, wearing masks indoors, avoiding home visits and shaking hands with others, and maintaining distancing. On the other hand, the measures that citizens apply the least is wearing gloves.

Data is in %

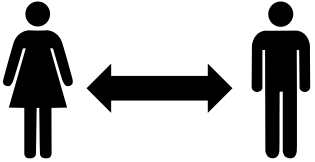

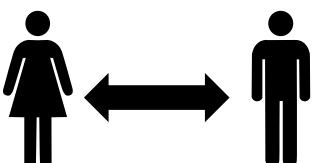

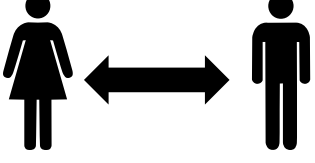

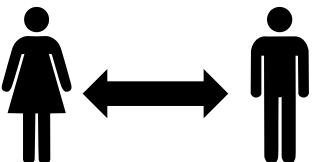

Please tell me now which of the following measures you personally apply for protection against coronavirus, Please answer Yes or No.

Base: Total target population, N=807

PERSONAL APPLICATION OF THE FOLLOWING PREVENTIVE MEASURES...

Over two-fifths of the citizens say that they personally apply preventive measures that involve more frequent handwashing, talking to others from a distance of 1 to 3 meters, and wearing face masks indoors and outdoors. In addition, one-quarter of the citizens frequently wash their hands, maintain physical distancing and wear masks indoors, but not outdoors.

More frequent handwashing	Talking to others from a distance of 1–3 m	Wearing face masks indoors	Wearing face masks outdoors
