Цели

Целта е детето да се поддржи во истрајноста при процесите на учење и откривање.

Очекувани резултати

Детето ја завршува започнатата активност до крај.

Насоки

Претходна подготовка за активност

Подготовка од прилози: флеш карти, сечење на 24 картички за бинго и сечење на бели квадрати за покривање.

Инструкции/насоки за играта

Детето извлекува една бинго картичка. Родителот влече една голема флеш карта и една бинго картичка, па потоа заедно го именуваат овошјето или зеленчукот. Потребно е детето со едно од белите квадратчиња да го покрие извлеченото и именуваното овошје или зеленчук на својата картичка, асо цел кога ќе ги покрие сите, да извика БИНГО.

Активност/игра

Се објаснува начинот на кој се игра играта и детето по слободен избор избира по една картичка на која има 6 сликички од овошје или зеленчук (во 6 квадратчиња). Играта започнува со влечење на една голема флеш карта од страна на родителот. Додека трае ова извлекување детето се поттикнува да го погоди и именува овошјето или зеленчукот, а потоа на својата бинго картичка да го покрие со бело квадратче. Кој прв ќе успее да ги покрие сите полиња според извлечените слики треба да викне БИНГО.

Играта може да се повтори неколку пати и притоа да се вклучат и други членови од семејството.
