

SPUNE, UNDE-MI ESTE LOCUL?

Joc de asociere a obiectelor casei cu spațiile în care se găsesc

AM CREAT ACEST JOC

pentru fiul meu cel mare,

ALEX

Este un prototip ce poate fi personalizat oricum. Piesele pot fi desenate integral sau parțial, pe placul fiecăruia, dezvoltând creativitatea și stimulând motricitatea și grafismul.

Cu ajutorul acestui joc, copiii învață să asocieze obiecte comune casei cu spațiile în care ele se găsesc.

Cum se utilizează: Planșele se tipăresc, iar cele cu obiecte se decupează pe liniile trasate. Apoi piesele se amestecă și sunt oferite copilului pentru a le așeza peste căsuțele planșelor dedicate spațiilor.
