✓ While on the road, take care of your health.

✓ During your stay in the Republic of Serbia, you can receive primary health care within the Reception/ Transit Centers.

✓ When you arrive at the Center, you will be referred for a mandatory medical examination. If you have any health problems (acute illnesses, injuries, pregnancy or recent childbirth/abortion, chronic diseases such as diabetes, cardiovascular, malignant diseases, mental disorders, infectious diseases, make sure to tell your doctor. Also show medical documentation, if you have one.

✓ If you have a child, during the first contact with health professionals, find out about the child's nutrition and development, health care and the possibility of vaccinating your child. Your doctor will inform you about the vaccination calendar.

✓ In case of more complex problems for which the doctor deems that specialist medical care is necessary, you will be referred to an appropriate health institution.

✓ Communication is the key to everything. Consult the doctor for advice.

Take good care of your health!
