UNICEF’s ongoing COVID-19 response
since March 2020

Risk communication and community engagement
An estimated population of 10 million people have been targeted with COVID-19 prevention messages across the country, and additional 1.5 million people have also been engaged in risk communication intervention through a house to house visits.

WASH
692,048
Number of people reached with critical WASH supplies (including hygiene items) and services.

Health
754
Number of healthcare providers trained in detecting, referral and appropriate management of COVID-19 cases including among children, pregnant and breastfeeding women.

320,865
Number of children and women receiving essential healthcare services, including immunization, prenatal and postnatal care, HIV care and Gender-Based Violence (GBV) response care in UNICEF supported facilities.

Funding Status
in US$ (millions)

As of June 2020, 56.1% of UNICEF’S COVID-19 appeal has been funded from the total required $ 27.8 Million.

Nutrition
88,613
Number of boys and girls 6-59 months with severe acute malnutrition admitted to therapeutic care.

Education
96,505
Number of children and youth accessing quality formal or non-formal primary education including distance learning.

Child protection
16,936
Number of children participating in community-based mental health and psychosocial support activities, including child friendly spaces.

1,363
Number of survivors of gender-based violence accessing a package of GBV services (medical, legal, mental health, psychosocial support and materials).
