Key Highlights:

- Over 90,000 women, men, boys, and girls have been displaced by violent conflict in Western Equatoria.
- Children continue to be exposed to significant child rights violations.
- The conflict has significantly disrupted life-saving services, including the closure of 16 health and nutrition facilities, in Tambura county.

Key Response Activities

**Child Protection**
- 254 vulnerable children were registered for Identification, Documentation, Tracing and Reunification (IDTR) as well as case management services in Tambura and surrounding locations.
- UNICEF and Partners reached 4,076 people (1,924 males and 2,152 females) with lifesaving information on child protection and gender-based violence (GBV).

**WASH**
- UNICEF repaired eight boreholes in Ezo, providing safe water to approximately 6,400 women, men, girls and boys.
- Since the start of the crisis, 65,688 individuals have been reached with key hygiene promotion messages and WASH non-food items, including soap have been distributed to 15,267 households since the beginning of the response.

**Health**
- Since the onset of the crisis, UNICEF supported the county health department and its Implementing Partners with essential drugs, 20,000 insecticide treated mosquito nets, 5 tents, 8 Primary Health Care Centre kits and 8 Primary Health Care Unit kits to support treatment of displaced persons in 4 locations in Tambura and Ezo counties.

**Nutrition**
- Cumulatively 3,030 children suffering from severe acute malnutrition have been treated in inpatient and outpatient therapeutic programs.
- UNICEF and Partners reached 52,821 caregivers of children aged 0 to 23 months with counselling on maternal, infant and young child nutrition.

**Education**
- Approximately 7,900 learners (3,660 girls and 4,240 boys) were supported with teaching and learning materials which included stationery, school in a box, recreational and adolescent kits.
- 61 trained teachers (12 females and 49 males) received mentorship and lesson observation support.

**C4D**
- UNICEF reached 57,000 people with social mobilization and community engagement interventions focusing on routine immunization and health and nutrition promotion.

**Key Figures**

- 65,000 displaced women, men, boys, and girls are being supported through a multi-sectoral response.
- 57,000 people reached with life-saving messages.
- 3,030 children with severe acute malnutrition (SAM) treated.
- 600 metric tons of humanitarian supplies dispatched.
- 8 Emergency surge staff deployed.
