Overview of UNICEF Shipment of Supplies

Nutrition Suppliers Meeting

Copenhagen, 15 June 2017
PRESENTATION OVERVIEW

• International transport functional structure in UNICEF SD
• Main objectives
• Scope and context of UNICEF’s international transport
• Role of International Transport Function
• Supply Chain Interdependencies
• Important shipping requirements
• UNICEF awards – air shipments
• UNICEF awards – sea shipments
International Transport Functional Structure

**Chief, International Transport**

- **Transformation and Optimization**
  - Optimization of the international transport function through processes, systems and supply chain flows

- **Transport Operations**
  - Shipment operations through close collaboration with Country Offices, The Warehouse, Procurement Function and Freight Forwarders

- **Freight Forwarders Relations**
  - Provision of efficient framework for transport management; freight forwarding contracts and performance management
Main Objective

Right Supplies

Right Place

Right Time

Right Quality

Cost-Effective

S&L Balancing Act
The Context

<table>

</table>

- Number of countries of origin: 55
- Number of countries of destination: 144
Role of International Transport

1. **Quality** - Assured quality of international transport

2. **Timeliness**
   - Plan and know routes to deliver on time
   - Select appropriate mode of transport

3. **Support receipt and customs clearance**
   - Maintain updated consignee information
   - Pre-advice on delivery and timely shipping documentation

4. **Cost** - Ensure cost efficient international transport solutions

5. **Visibility of shipments** - Know the status of shipments
Supply Chain Interdependencies

Procurement Services Partners
Important Shipping Requirements

1. **Incoterms** (FCA Containerised Nearest Port and delivery CIP);

2. **Specific shipping instructions** (Complex Projects, Schedule of Deliveries, SOC);

3. **Documentation Requirement** (General and Country specific requirements);

4. **Consignee information** (Address and contact details);

5. **Key Performance Indicators (KPIs)** - Shipment start date vs Notification of Goods readiness.
