Data shows awarded price per dose (in US\$ or EUR) per product per supplier per calendar year, based on supply agreement.

Prices displayed are in response to tenders with FCA incoterms.

*The price applies to 64 countries which were eligible for GAVI support in 2003 based on GNI/capita of = or < than USD 1,000, provided that procurement takes place through UNICEF.

They include currently eligible, graduating and graduated countries. Excludes PAHO and three traditionally self procuring countries -India, Vietnam & Indonesia.
