

**Technical Evaluation Table: Supply and Installation of the Vaccine Management Information System Uzb**

**The Tenderer must satisfy the following requirements:**

- Mandatory minimum 5 years of experience in the field of design, development and implementation of complex software solutions for public authorities;
- Successful experience as prime contractor in execution of at least two successful projects (contracts) of a complexity comparable to proposed contract within the last 4 (four) years, were the beneficiaries of the projects are public authorities;
- The Tenderer shall provide at least 2 (two) customer signed project reference of successfully implemented ICT projects designed for central public authorities.
- It will be considered as a strong asset if the Tenderer has a local office or at least a consortium partner or subcontractor or a representative in Uzbekistan;
- Development of any logistics management information system in the health sector and ability to demonstrate the software that was successfully deployed in any country is an asset for the tenderer.

**Joint ventures (JV) must satisfy collectively all of the above mentioned**

**1000 points = 70%**

Summary of Technical Proposal		Points Obtainable = 70%	Tenderer 1	Tenderer 2	Tenderer 3	Tenderer 4	Tenderer 5
1	Bidder's qualification, capacity and experience	300					
2	Proposed Methodology, Approach and Implementation Plan	300					
3	Management Structure and Key Personnel	250					

4	Demonstration of any successfully developed and deployed LMIS software	150						
<b>Total</b>		<b>1000</b>	<b>0</b>	<b>0</b>	<b>0</b>	<b>0</b>	<b>0</b>	<b>0</b>

<b>Section 1. Bidder's</b>		<b>Points obtainable</b>					
1.1	Reputation of Organization and Staff Credibility / Reliability / Industry Standing	50					
1.2	Minimum 5 years of	90					

1.3	Successful experience as prime contractor in execution of at least two successful projects (contracts) of a complexity comparable to proposed contract within the last 4 (four) years, were the beneficiaries of the projects are public institutions in health area		70					
1.4	The experience in the area of e-Health/ICT in the health area is considered as a strong asset		50					
1.5	The Tenderer has a local office in Uzbekistan or at least a consortium		40					
<b>Total Section 1</b>			<b>300</b>	<b>0</b>	<b>0</b>	<b>0</b>	<b>0</b>	<b>0</b>

<b>Section 2. Proposed Methodology, Approach and Implementation Plan</b>			<b>Points obtainable</b>					
2.1	Understanding of the requirement: Have the important aspects of the task been addressed in sufficient detail		50					
2.2	Description of the Offeror's approach and methodology for meeting or exceeding the requirements of the Terms of Reference		50					
2.3	Details on how the different service elements shall be organized, controlled and delivered		50					

2.4	Description of available performance monitoring and evaluation mechanisms and tools; how they shall be adopted and used for a specific requirement		50					
2.5	Assessment of the proposed preliminary implementation plan proposed including whether the activities are properly sequenced and if these are logical and realistic		50					
2.6	Demonstration of ability to plan, integrate and effectively implement sustainability measures in the execution of the contract		50					
<b>Total Section 2</b>			<b>300</b>	<b>0</b>	<b>0</b>	<b>0</b>	<b>0</b>	<b>0</b>

Section 3. Management Structure and Key Personnel		Points obtainable					
3.1	Qualifications of key personnel proposed						
3.1 a	<b>Project Manager:</b>	<b>50</b>	0	0			
	University degree in areas such as computer sciences, engineering, and telecommunications or other ICT related	10					
	At least 10 years of overall professional experience in the IT field	10					

Specific professional experience proved through participating in at least one similar project for implementation of an integrated information System, in which he/she held a position of Project Manager.

10

Ability to speak, write and read Uzbek and/or Russian language is an advantage;

5

Ability to speak, write and read in English

5

	International ly recognized Project Management certification such as PMP, PRINCE2, Agile or equivalent is an asset	10		0	0			
3.1 b	<b>Lead Business Analyst:</b>		<b>50</b>	0	0			
	University degree in areas such as computer sciences, engineering, and telecommunications or related;	10						
	At least 5 years of experience in the field of IT Business Analysis, user requirements elicitation;	15						

Specific professional experience proved through participating in at least one similar project for implementation of an integrated information System, in which he/she held a position of Lead Business Analyst;

10

Ability to speak, write and read Uzbek and/or Russian language is a strong advantage;

5

Ability to speak, write and read in English

5

	<p>Internationally recognized certification in Business Analysis issued by an internationally recognized institution proving advanced knowledge regarding requirements' identification, analysis, prioritizing, management, communication, verification and validation (e.g. PBA, CBAP or equivalent)</p>	5	0	0			
3.1 c	<p><b>Lead Software Development Engineer:</b></p>	50	0	0			
	<p>University degree in areas such as computer sciences, engineering, and telecommunications or related;</p>	5					

At least 10 years of overall professional experience in the IT field

10

At least 5 years of experience in the field of Software Development

10

Specific professional experience proved through participating in at least one similar project, for implementation of an integrated information System, in which he/she held a position of Technical Leader

10

	Certificate recognized at international level, proving knowledge regarding a software development technology on which the proposed VMIS solution is based	10					
	Ability to speak, write and read Uzbek and/or Russian language is an advantage;	5		0	0		
3.1	<b>Database Developer</b>		<b>50</b>	0	0		
	University degree in areas such as computer sciences, engineering, and telecommunications or related;	5					

<p>At least 10 years of overall professional experience in the IT field</p>	<p>10</p>					
<p>At least 5 years of experience in the field of Software Development</p>	<p>10</p>					
<p>Specific professional experience proved through participating in at least one similar project, for implementation of an integrated information System, in which he/she held a position of Database Developer/Designer.</p>	<p>10</p>					

	Certificate recognized at international level, proving knowledge regarding database administration/design/development is an asset;	10					
	Ability to speak, write and read Uzbek and/or Russian language is an advantage;	5					
3.1 e	<b>Software Tester Engineer</b>		25	0	0		
	University degree in areas such as computer sciences, engineering, and telecommunications or related;	5					
	At least 5 years of experience in the field of Software Development	5					

Specific professional experience proved through participating in at least one similar project, for implementation of an integrated information System, in which he/she held a position of Technical Leader

5

<p>Certification recognized at international level regarding advanced competences related to setting the optimal testing activities based on risk analysis of information systems and tests execution depending on the particular methodology for software development (for example</p>	5						
<p>Ability to speak, write and read English, Uzbek and/or Russian language is an advantage;</p>	5						
<p>3.1 f <b>Training Specialist</b></p>		25	0	0			

<p>University degree in areas such as computer sciences, engineering, and telecommunications or related;</p>	<p>5</p>						
<p>Specific professional experience proved through participating in at least one similar project, for implementation of an information System, within which he/she held a position of Trainer.</p>	<p>10</p>						
<p>Excellent speaking and writing in Russian and/or Uzbek;</p>	<p>10</p>						
<p><b>Total Section 3</b></p>		<p><b>250</b></p>	<p><b>0</b></p>	<p><b>0</b></p>			
<p><b>Section 4. Demonstration of any successfully developed</b></p>		<p><b>Points obtainable</b></p>					

4.1	The proposed software solution complies with technical architecture requirements	50					
4.2	The proposed software solution complies with functional requirements	50					
4.3	The demonstrated software corresponds to the main functional and technical requirements of the requested system	50					
<b>Total Section 4</b>		<b>150</b>					

Legal entities interested in participating in the tender must submit a technical and financial proposals and containing the following:

- Detailed description of the enterprise (experience, human resources, specialized management and technical capacities, etc.);
- Copy of registration documents:

Required documents that must be submitted to establish qualification of Proposers (in "certified true copy" only)

▪Tax registration/ payment certificate issued by the Tax authorities evidencing that the Bidder is updated with its tax payment obligations, or certificate of tax exemption, if any such privilege is enjoyed by the Bidder

▪Official Letter of Appointment as a local representative, if the Bidder is submitting a Bid on behalf of an entity located outside Uzbekistan

▪Quality certificate (e.g., ISO 9001:2008, CMMI level 3, etc.) and/or other similar certificates , accreditation s, awards and citations received by the Bidder, if any

▪Latest audited financial statement (income statement and balance sheet) including auditor's report for the past 3 years

▪List of bank references (name of the bank, location, contact person and contact details)

▪All information regarding any past and current litigation during the last five (5) years, in which the bidder is involved, indicating the parties concerned, the subject of the litigation, the amount involved, and the final resolution if already concluded
