3rd Annual Virtual Menstrual Hygiene Management (MHM) in WASH in Schools (WinS) Conference October 29th, 2014

The 3rd virtual MHM in WinS conference will build on the content and recommendations of the prior two conferences and continue the effort to fill in the gaps in the existing knowledge and advocacy around this important issue. The one-day conference will bring together academics and health, gender, education, and water, sanitation and hygiene (WASH) experts from around the world currently implementing MHM-related activities.

Conference objectives:

- To share recent research findings that relate to various aspects of MHM in WinS
- To highlight school-based MHM program descriptions and their potential for scale
- To share recommendations about how new MHM programs can be developed by WinS practitioners

To register, e-mail your name and the country where you will join from online to

MHM.WEBNYC@GMAIL.COM
